$8 Million Available

CALFED Bay-Delta Program Research Grants

Science Program 2009 Proposal Solicitation Package

Sacramento, CA – The CALFED Science Program is announcing a solicitation for research proposals in support of the CALFED Bay-Delta Program.

The goal is to fund research into the current and changing Bay-Delta system. A total of approximately $8 million will be available for research in four topic areas:

TOPIC 1	**Native Fish Biology and Ecology**
TOPIC 2	**Food Webs of Key Delta Species and their Relationship to Water Quality and other Drivers**
TOPIC 3	**Coupled Hydrologic and Ecosystem Models**
TOPIC 4	**Water and Ecosystem Management Decision Support System Development**
