Good morning Ron.

Thank you very much. I just imported the 2010 Plan to our database with no problems.

All is good.

Thanks again and make it a great day!

Hello Guyla,

I'm sorry to hear that you had problems opening our document. I'm also sorry for responding to your email so late. I was on vacation last week. Here is a link on our website with the final 2010 UWMP. If you have any more

problems, please let me know and I will be sure to find a solution that will work for you as soon as possible.

Dear Mr. Merckling:

This is to inform you that the Department of Water Resources received the 2010 Urban Water Management Plan for the Casitas Municipal Water District on July 18, 2011. The reviewer of your plan will be contacting you.

We require efiles to be in .pdf format. While trying to convert the Word document on the CD included with the CMWD Plan, I received error messages the few times I tried. The disc is unreadable. Would it be possible for you, or someone in your office, to forward your plan in .pdf format via email. Or, possibly, your 2010 Plan is posted on your webpage. If it is, it would be most appreciated if you would forward the link to that page at your earliest convenience.

Thank you very much and have a great day,
Guyla
