

# Errata – 2022 SPFCDD Update

One minor edit has been made to the November 4 version of the State Plan of Flood Control Descriptive Document Update (SPFCDD). Modifications to the figure are organized by section and detailed below.

## 3.3 State Plan of Flood Control Facilities in the San Joaquin River Watershed

Edits to Figure 3-12A. San Joaquin River Watershed - State Plan of Flood Control Facilities along the San Joaquin River and Tributaries was modified to remove Big Dry Creek Reservoir as a SPFC feature. The old figure is displayed first with circled errors, and the new figure follows with correct edits. Modifications on page 3-78 are as follows:
