Date: Wednesday, August 17, 2011 3:53:31 PM

Good afternoon,

Thank you for the note. The easiest way to get you an electronic copy would be for you to download from:
http://www.stocktongov.com/files/uwmp.pdf

If I try to e-mail you the .pdf, it is a large file and often crashes or doesn't make it. I apologize for the CD. I'm not sure what happened.

We are not in need of an expedited review at this point. I did have a question for you though. Is entering our plan using DOST required or optional? I ask because we are very short on staff and at first glance, it appears to require a bit of a time commitment. Please advise.

Thank you. Please let me know if you have any problems downloading the file and I will have a new CD mailed to you.

Melissa Price, Program Manager III
City of Stockton
Municipal Utilities Department
Delta Water Supply Project

Dear Ms. Price:

This is to inform you that the Department of Water Resources (DWR) received the 2010 Urban Water Management Plan for the City of Stockton on August 16, 2011. The CD that was included with the hard copy of the plan is cracked and, therefore, unreadable. Would you please send a replacement to my attention via US Mail at your earliest convenience. Or, possibly you, or someone in your office can email me a copy of the UWMP in .pdf format. The reviewer of your plan will be contacting you soon.

For an expedited review of your plan, please use the DWR Online Submittal Tool (DOST). You may access DOST through DWR's Urban Water webpage, http://www.water.ca.gov/urbanwatermanagement/.

Thank you for your cooperation with the 2010 Urban Water Management Plan reporting cycle.

Warm regards,

Guyla
