Exhibit D

2006 Annual Scripps Training Memo and Attendance Log

State of California | The Resources Agency

Memorandum

Date : June 5, 2006

To : 1. Teresa Sutliff, Chief Civil Maintenance
2. Dive Team

From : Bill Collins, Health & Safety Officer
Chairperson DWR Dive Team
Department of Water Resources

Subject : 2006 Annual Diving Re-certification from Scripps Institution of Oceanography

Once again, the Department of Water Resources Underwater Investigation Team will be completing their annual re-certification training course through the Scripps Institution of Oceanography (SIO), September 25th- 29th, 2006. As in previous years, the course will include the required, safety reviews, policy & regulation reviews, diving under various conditions and physical skill requirements. In addition we'll be attending the hands on OTS Divator MKII full-face mask technical/maintenance (communication com gear) certification course. This training satisfies the requirements established under the Project O&M Instruction No. ST-9, Diving Policy.

Bi-Annual diving physical examinations, equipment inspections and training approvals must be completed prior to the course start. All necessary SCUBA diving equipment should be brought to Scripps with the exception of air tanks, which will be provided.

Lectures will be held at Scripps Institution of Oceanography. Scripps staff and Christian McDonald , SIO Diving Safety Officer, will assist with all necessary instructions of the required information. A specific meeting room has not been set, so we will gather at Christian McDonald's office on Tuesday, September 26th, 2006, 8:00 A.M. DWR State vehicles will provide local diving transportation.

For consistency, please use the following information when filling in your TREV:

Course Title:	Advanced Scuba Diver Re-certification
Conducted by:	Scripps Institution of Oceanography, San Diego, California
Course Hours:	40 hours
Work Order #:	Created by your Field Division

When completing your TREV, please keep in mind the following factors:

Each individual or Division team should arrange transportation to San Diego.

Lodging and per diem expenses will be the responsibility of each diver.

Lodging may exceed the delegated lodging rates. Submit an excess lodging rate request/approval Std.255C.

Cost of the OTS Divator MKII full-face mask technical/maintenance (communication com gear) certification course is 175.00 per person. Were working on getting OTS a P.O for the sponsored course.

The itinerary for the Recertification is as follows:

DATE	TIME	AGENDA (Tentative)
Monday, September 25	0800 –1700	Travel to Scripps
Tuesday, September 26	0800-1700	Scripps/DWR, Dive meeting, lectures, Policy & regulation reviews

MINUTES OF MEETING
DWR DIVE TEAM MEETING

At Scripps Institute
September 26, 2006

The following members were in attendance :

Bill Collins	San Luis Field Division
Martin Alvarado	San Luis Field Division
Tim Crawford	San Luis Field Division
Pete Rigali	San Luis Field Division
Pat Whitlock	Delta Field Division
Rey Chavez	Delta Field Division
Bob Nazabal	Southern Field Division
Dave Paulson	Sacramento Headquarters
Robert Madrid	Southern Field Division
Dale Moisio	Southern Field Division
Bryan Carter	Southern Field Division
Garrett Clyde	Southern Field Division
Marc Sparks	Southern Field Division

Advisors:

Christian McDonald	Scripps Institute

Chairperson, Bill Collins, called the meeting to order at 8:00 am at Scripps Institute. Introductions were made and the meeting was started. Bill asked for a motion of a new chair, all divers comment is leave Bill as chair.

OLD BUSINESS

New Dive Team Members

Pat and Dave confirmed that they have two prospects but a decision has not made. A decision will be made once they evaluate the prospects skills and use them as dive tenders.

Cal-Tran Bridge Inspections

Pat suggested that Cal-Trans can get us a yearly agenda of the bridges to be inspected. Teresa was going to talk with Lori from Cal-Trans to see if a scheduled list is possible, and forward that schedule to Bill so he can pass the info forward, we have not received the schedule yet.

NEW BUSINESS

Dive Manual

After reviewing the ST-9 the dive team determined that a dive manual shall be implemented and the ST-9 (Dive Policy) shall refer to the DWR Dive Manual. Scripps suggested that the DWR dive team compile information from Cal-Trans, Commercial, Scientific, and Technical & Pubic Service Standards when implementing the DWR Dive Manual. Scripps act as advisors and consultants to the DWR Dive Control Board (DWR Divers) and assist with the Dive Manual

Hooka, Surface supply and bail out air

Bill and Tim noted that in some cases that they may use the hooka system in turn outs. SFD stated that the use of a bail out air supply is used on most of there dives. The bail out air can get you a few extra minutes in case of an emergency.

Dive Resert

This year's advance dive recertification is not having CPR & First aid, our certification are good for another year. We'll have a full week of meetings, diving, pool work using comm. gear followed up with a full day of getting certified on the OTS comm. gear regulators. If you have some training suggestion for next year we should start planning A.S.A.P..

Dive Coordinator

Here are the list of coordinators for each dive team, SLFD-Tim Crawford, DFD-Rey Chavez and SFD-Pete Rigali...

Central files

Bill wanted to express the importunacy of our central files. All repost shall be sent to Teresa for filing.

Planner Scheduler

Dave Paulson suggest that all scheduler planners have a list of the dive team roster.

NEXT SCHEDULED MEETING

Date to be announced
