***Subject*: 2005 Urban Water Management Plan for the City and County of San Francisco**

Dear Mr. Todd:

Attached is the final 2005 Urban Water Management Plan (UWMP) for the City and County of San Francisco, prepared by the San Francisco Public Utilities Commission (SFPUC). The 2005 UWMP was adopted by the SFPUC on December 13, 2005.

Also enclosed are materials to document the SFPUC's compliance with public notification elements of the Urban Water Management Plan Act. The attached table (Summary Table of SFPUC Compliance with Public Notification Elements of the Urban Water Management Act) lists the related code sections and indicates the relevant documentation attached to the table. This document supports the summary of agency coordination, public participation and plan adoption measures as presented in Section 1 of the adopted 2005 UWMP.

Electronic copies of the 2005 UWMP for the City and County of San Francisco can also be viewed online at www.sfwater.org. If you have any questions, please contact Paula Kehoe, Manager of Water Resources Planning, at pkehoe@sfwater.org or 554-0792.

Sincerely,

Michael Carlin
Assistant General Manager, Water Enterprise
