Water Code, 13050(n). Increase the use of recycled water from municipal wastewater sources.

Water Code, section 1010. Allows use of alternative water supply due to water quality considerations in lieu of a permitted water right source without the loss of that water right due to non-use.

Water Code, section 10530 et seq.

Water Code, section 1211. State Water Resources Control Board purview over changes in discharge that affect beneficial use.

Water Code, section 13050(f) et seq. Uses that must be protected from quality degradation.

Water Code, section 13550. Use of potable water domestic water sources for nonpotable use is considered a waste and unreasonable use.

Water Code, section 1707.

Water Code, section 26. Meanings of recycled and reclaimed water.

Water Code, section 9130.

Water Code, sections 13142.5(e). Effluent recycling for beneficial use.

Water Code, sections 13510. Use of recycled water to supplement existing surface and underground water supplies and to assist in meeting the future water requirements of the state.

Water Code, sections 13550. Definition of recycled water; preferences for use of recycled water.
