

2010 UWMP Guidebook

Toni Pezzetti

Department of Water Resources

Topics to be Covered

- ❖ 2010 Guidebook content
- ❖ Relationship of Methodologies to UWMP Guidebook
- ❖ Guidebook and workshop schedule

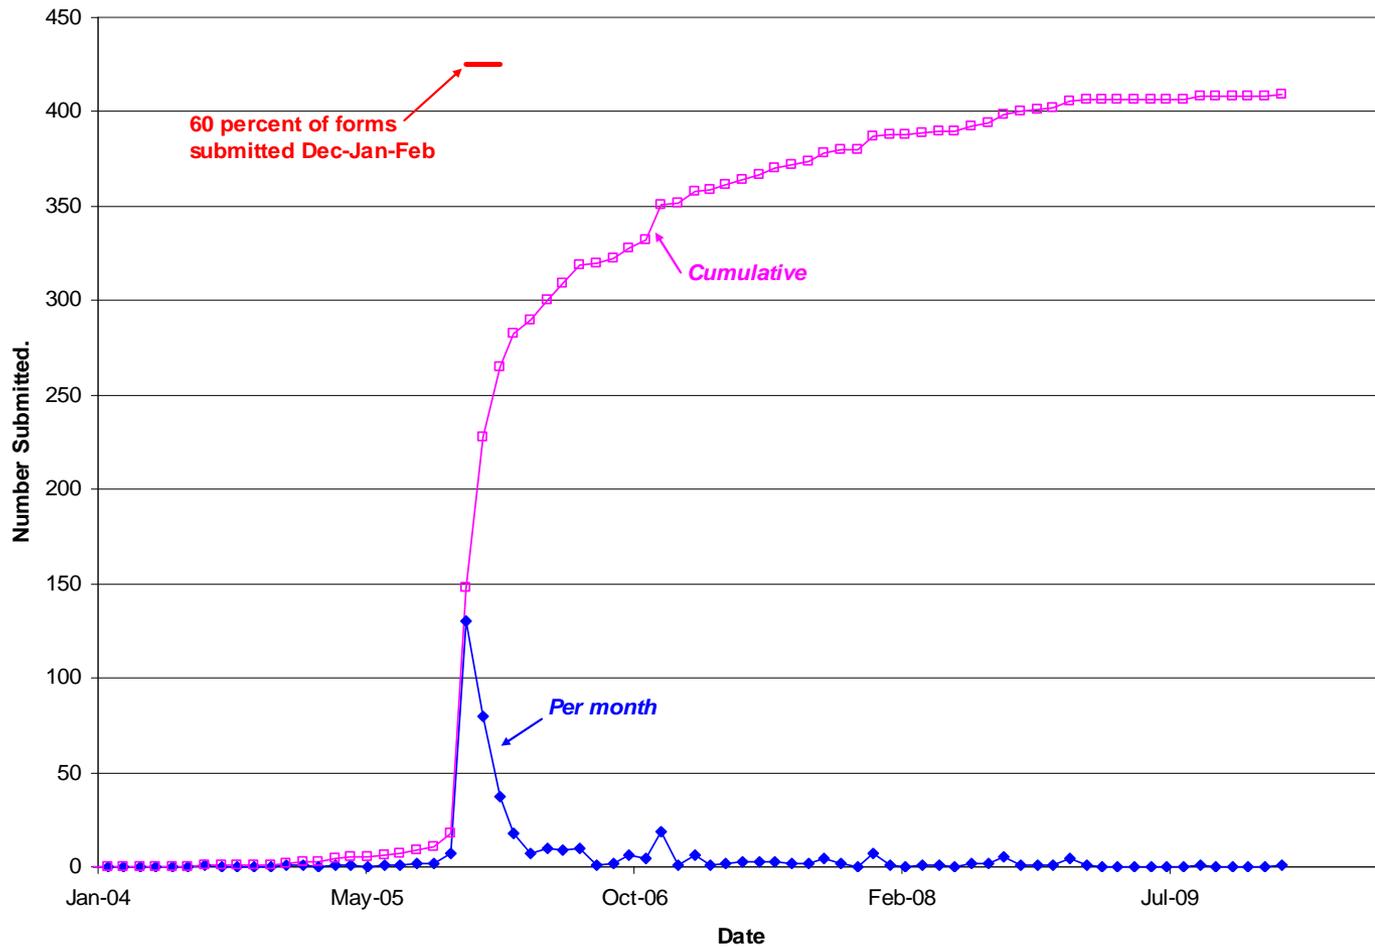

2010 Guidebook Content

- ❖ Reformatted from 2005 version –2010 Guidebook sections are arranged by subject
- ❖ Tables to be included identifying legislatively required components versus optional information
- ❖ DWR review sheets to be included
- ❖ Overall goal is for the Guidebook to clearly state UWMP requirements

2010 Guidebook Content

- ❖ Improve both Plan preparation and review process, as well as communication
- ❖ To support understanding of the “big picture” a series of flow charts are being developed.
- ❖ Electronic data submittal option being developed with the intent of streamlining the process

2005 Submittals by Month

Methodologies and the Guidebook

- ❖ Methodologies will be included in the 2010 UWMP Guidebook as part of the instructions for developing Baseline, Targets, etc.
- ❖ Additional explanation, where necessary, will be included in the Guidebook.

Flow Charts

- ❖ Are intended to be part of the Guidebook to explain the process
- ❖ Preliminary and WILL BE revised as methodologies are modified
- ❖ The first step of the process is:

Regional or Individual

Approaches are similar

Applicable Methodologies

Base Daily Per Capita
Water Use

Tentative Guidebook/Workshop Schedule

Proposing two drafts to provide suppliers more time
Methodologies released October 1

❖ Oct 2010: Preliminary Guidebook released; includes methodologies and Target methods 1 to 3

❖ Nov 2010: Workshops
Target Method 4 released December 31

❖ Jan 2011: Final Guidebook released; adds Target method 4 and electronic submittal

❖ Jan/Feb 2011: Workshops

Guidebook Team Questions

- ❖ As users, what are the key attributes you need in the Guidebook?
- ❖ Is there interest in involvement during Guidebook preparation? If so, at what level?
- ❖ Are there issues the Guidebook could help address that previous guidebooks did not?
