Subject: RE: Sept. 4 ITP Meeting

ITP Colleagues & Agency Participants --

Attached are two documents that I wanted to share in advance of tomorrow's meeting. Apologies for distribution at this late hour. Some of the content has previously been discussed, while other content is new.

The first is a simple table of potential revisions to the content of UWMPs that I assembled to help organize my own thinking, and now offer it to the panel. It contains brief summaries of each proposal, enough to support a discussion, but not as detailed a threpanel would want in its report.

The second item is a more detailed discussion of proposals for reporting energy intensity and system characteristics that would further facilitate consideration of energy investments in water efficiency. This builds on the previous discussion of this topic at our last meeting.

I look forward to our discussion tomorrow.

Ed Osann
NRDC

Subject: Sept. 4 ITP Meeting

Hello ITP members

Please find attached to this email the following meeting materials and travel details for the Wednesday, Sept. 4th ITP meeting.

- Draft legislative report meeting and submittal timeline
- DWR staff straw proposal on recommendations for modifications to the UWMP DMM reporting requirements
- Background materials on water loss reporting
- DWR staff straw proposal on UWMP water loss reporting
- Updated results from the UWMP DMM reporting requirements survey

ITP members may send additional proposals for UWMP Legislative recommendations over the weekend. In keeping with the Bagley Keene requirements, please be careful not to discuss with other ITP members the proposals attached to this email or the materials that maybe sent over the weekend.

Lunch at CCP: We will take lunch orders in the morning as you arrive. Estimated cost \$10. Please bring cash.

Parking: Street parking around CCP has 10 hour meters that cost about \$5.00 day—requires quarters ----.25 cents per 15 minutes until you spend \$5.00 then it rolls over to 10 hours.

OR

Off street commercial parking at 10th and R, or on 7th between Q and R. Cost \$8.00 day. The Center for Collaborative Policy is located at 815 S St.
