

## DWR posts Preseason Flood Coordination Meetings schedule

DWR has announced the dates and locations of [Preseason Flood Coordination Meetings for 2014](#). These meetings target flood emergency responders who will review flood emergency procedures, protocol, roles and responsibilities; the availability of flood-fighting resources; and provide updates from local agencies in each region. DWR and other presenting agencies include the National Weather Service, Governor's Office of Emergency Services, California Conservation Corps, County Offices of Emergency Services, CAL FIRE, and the U.S. Army Corps of Engineers.

## CVFPB will conduct a workshop/site visit at permit location

The Central Valley Flood Protection Board (CVFPB) will conduct a workshop and site visit September 19 in West Sacramento related to the Oakstone Investments, LLC request for approval of draft permit No. 18934. The workshop and site visit will help CVFPB board members to better understand the permit request and the issues involved. While public participation is always welcome, attendees must provide their own transportation. More information is [here](#).

## Delta Stewardship Council adopts habitat restoration issue paper

The Delta Stewardship Council has voted to adopt an issue paper, titled [Restoring Habitat with Science and Society in Mind](#). The purpose of the issue paper is to survey restoration activities; describe needs, progress, and opportunities related to restoration; and propose key focus areas for the Council and other agencies for advancing habitat restoration during the next two years.

Also, the Council will meet September 25 in Sacramento. Agenda is [here](#).

## DPC meeting features Proposition 1, the Water Bond

The Delta Protection Commission (DPC) will meet September 25 in Discovery Bay. [Agenda](#) items include an update from the Delta Watermaster; a report on the Delta Protection Commission Strategic Plan; and a report on Proposition 1, the Water Bond. Also, the State Lands Commission, on behalf of the DPC, has posted a request for proposal for Delta Flood Risk Management Assessment District Feasibility Study. More information is [here](#).

## Delta Science Program posts Draft Interim Science Action Agenda

The Delta Science Program has posted the Draft Interim Science Action Agenda (ISAA) for public comment. The draft will be presented at the Delta Stewardship Council September 25 meeting. The ISAA is an expedited version of the full Science Action Agenda and is a key component of the *Delta Science Plan*. More information and how to submit comments are [here](#).
