

DSC will conduct public meetings on DLIS project

The Delta Stewardship Council (DSC) will conduct two public meetings on the [Delta Levees Investment Strategy \(DLIS\) project](#). The meetings will be [December 8 at the Clarksburg Middle School, 6:30-8:30 pm](#), and [December 11 at the Brentwood Community Center, 6:30-8:30 pm](#). By signing up on the [DSC's email Listserv](#) and putting a checkmark in the box next to Delta Levee Investment Strategy, individuals can stay informed about project activities and opportunities to work with the project team.

State Treasurer posts Bay Delta facility financing report

The State Treasurer's office has posted a report on its Web site, titled [The Bay Delta Conveyance Facility: Affordability and Financing Considerations](#). The report was prepared by Blue Sky Consulting Group.

Seminar describes using remote sensing for drought

The Delta Science Program, the Ecosystem Restoration Program, and the Surface Water Ambient Monitoring Program will present a seminar November 24, 12:00-1:00 pm, in Sacramento, titled ["Mapping Drought Impacts in the Central Valley and Sierra Nevada Foothills Using Remote Sensing."](#) This seminar, led by Mahesh Rao, research scientist, California State University, Humboldt, will describe using recent research on remote sensing techniques to understand drought effects in the Central Valley and Sierra Nevada foothills.

FloodSmart.gov has plenty of flood-related information

[FloodSmart.gov](#), the official site of the National Flood Insurance Program, has plenty of information about flooding and flood risks, flood insurance, and flood preparation and recovery.

My Flood Risk provides estimated flood flows

DWR's FloodSAFE California has an interactive Web site, [My Flood Risk](#), that tells how to reduce flood risk by being aware and prepared. Entering an address on the [Levee Flood Protection Zone maps](#) gives an estimate of the maximum area for that address that may be flooded if a State/federal levee fails with flows at maximum capacity that may be reasonably conveyed.

Paper describes Delta habitat restoration and landowner protection

["Finding Ways to Restore Delta Habitat and Protect Property Owners"](#) is a briefing paper distributed at two Delta landowner workshops in January 2014 and was sponsored by the Water Education Foundation and the Sacramento-San Joaquin Delta Conservancy.

Due to the holiday, there will be no Delta eNews next week. The next edition will be December 4.
