

DWR posts summer water safety video

A [water safety video](#), produced by DWR, encourages Californians to stay safe around water this summer. The video reminds viewers to obey all warning signs around water, swim with a buddy, and wear a properly fitted life jacket, which children under 13 must wear when they're on a moving boat. The video also emphasizes that swimming in the California Aqueduct is illegal and dangerous.

CVFPB meeting has DWR update on Yolo Bypass Study

The Central Valley Flood Protection Board (CVFPB) will meet May 29 in Sacramento. [Agenda](#) items include a U.S. Army Corps of Engineers (USACE) briefing on the implementation of updated USACE regulation 1110-1-1807, Drilling in Earth Embankment Dams and Levees, and DWR updates on the Yolo Bypass Feasibility Study and 2014 Flood Management Activities.

DBW posts helpful link for clean boating practices

California is a boating mecca with 3,427 miles of coastal and tidal shoreline, 5,000 lakes, and 2,600 miles of inland waterways. Boaters play an important role in the health of California's waterways and share responsibility for their protection. Boat sewage, graywater, cleaning products, spilled fuel and oil, trash, and aquatic nuisance species are potential sources of pollution. [Clean Boating Habits](#), posted by the Department of Boating and Waterways (DBW), helps boaters to minimize the environmental and public health impacts from boating activities.

DLIS project team requests public comments

The Delta Levees Investment Strategy (DLIS) project team has submitted the *Interim Progress Report* to an independent scientific review panel. This report, and the technical memoranda it contains, describes the methodology proposed to establish priorities for State investments in the Delta levee system to reduce the likelihood and consequences of levee failures. The materials presented to the DLIS project team are [here](#). The main DLIS Web page is [here](#). The DLIS project team is accepting written comments from the public, related to the technical memoranda reports until June 5. Send comments to Dustin Jones, 980 9th St., Suite 1500, Sacramento, CA 95814, 916-445-5891, dustin.jones@deltacouncil.ca.gov.

SJAFCA Web site has levee information

The San Joaquin Area Flood Control Agency (SJAFCA) has information on their Web site about levees, titled [Learn How Levees Work](#).
