

DPC subcommittee on feasibility study meeting is rescheduled

The Delta Protection Commission (DPC) Subcommittee on Delta Flood Risk Management Assessment District Feasibility Study meeting has been rescheduled to December 8 in Sacramento. The [agenda](#) is a discussion about the proposed final report on Delta Flood Risk Management Assessment District Feasibility Study and considering recommendations to the Delta Protection Commission.

Also, the DPC will meet November 17 at the Knightsen Farm Center, 3020 Second St. in Knightsen, Contra Costa County. Agenda, time, and meeting materials are [here](#).

Delta Plan Interagency Implementation Committee meeting is November 14

The Delta Plan Interagency Implementation Committee will meet November 14 in Sacramento. [Agenda](#) items include a report on the proceedings and outcomes from the recent Science Enterprise Workshop, how to link the best-available science and decision-making to support the long-term vision of Delta restoration, and an overview by the California Department of Fish and Wildlife on how it is working with the Delta community to develop a Delta Conservation Framework, and how this work connects with other Delta efforts.

Delta Stewardship Council meeting features State of Bay-Delta Science report

The Delta Stewardship Council will meet November 17 in Sacramento. Agenda items include a briefing on the Delta Independent Science Board's Delta Levee Science workshop and the recently completed workshop report, titled [Earthquakes and High Water as Levee Hazards in the Sacramento-San Joaquin Delta](#) and the State of Bay-Delta Science report. Public meeting notice is [here](#).

Delta ISB meeting features Bay-Delta Water Quality Control Plan updates

The Delta Independent Science Board (Delta ISB) will meet November 18 in Sacramento to discuss comments on the State Water Resources Control Board's working draft, titled *Scientific Basis Report*, prepared to support the Phase II updates of the [Bay-Delta Water Quality Control Plan](#), and to discuss progress on programmatic reviews and lessons from the recent [Science Enterprise Workshop](#) and the [2016 Bay-Delta Science Conference](#). More information is [here](#).

MWD Special Committee on Bay-Delta meeting agenda and materials are posted.

The Metropolitan Water District's (MWD's) Special Committee on Bay-Delta October 25 meeting [agenda and meeting materials](#) are posted.

Save the date — Delta Conservation Framework Workshop is November 30

The California Department of Fish and Wildlife is working with federal, state, and local agencies, and the Delta stakeholder community to develop the [Delta Conservation Framework](#). This will guide long-term implementation of strategies and related actions for Delta conservation and stakeholder integration and the protection, enhancement, restoration, and adaptive management of Delta ecosystems and their ecological functions to benefit human and natural communities. A series of workshops will provide the opportunity for interested stakeholders to contribute to the development of concepts and work products that directly inform the Delta Conservation Framework. The last workshop is November 30 in Walnut Grove. More information is [here](#).
