

DSC begins series of hearings on Delta Plan draft EIR

Tonight will mark the second in a series of hearings sponsored by the Delta Stewardship Council (DSC) to collect public comments on the [Delta Plan Draft Program Environmental Impact Report](#) (EIR). Following tonight's hearing in Pasadena, there will be three next week in Ceres, Clarksburg and Willows. Hearing locations and other details are posted [here](#). The council is also accepting comments by [email](#). The deadline for submissions is Thursday, Feb. 2.

Five chances to offer input on development of strategic plan

The Delta Conservancy has scheduled five meetings to get public input on details to be included in its strategic plan. The first meeting will be Wednesday, Jan. 25, in Suisun City. Others will be held in Isleton, Clarksburg, Antioch and Stockton. Meeting details are available in this [news release](#). The conservancy's strategic plan is expected to be completed by June 30.

Flow objectives to be discussed tomorrow at Delta ISB meeting

The [Delta Independent Science Board](#) (ISB) will conclude a two-day meeting tomorrow, Jan. 13, in Sacramento. The board will be discussing a presentation from the State Water Resources Control board on efforts to establish flow objectives on the San Joaquin River and salinity objectives in the south Delta. Meeting details and the agenda are available [here](#).

Commission to look at public benefits of water storage projects

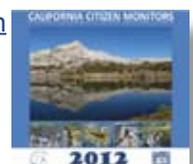

The next meeting of the California Water Commission will include a briefing and discussion on a draft report outlining methods for [quantifying public benefits](#) of water storage projects. This part of the meeting on Wednesday, Jan. 18, in Sacramento, will be informational only and no action will be taken on the report. The agenda is available [here](#).

New brochure outlines structure of DWR, State Water Project

DWR has published a new brochure that outlines the mission and structure of the department. There are also descriptions of the divisions and offices within the department and a map detailing the storage facilities, power plants and pumping stations that are part of the State Water Project. The brochure is available on the [DWR website](#).
