

Public comments are requested for Delta Science Plan 2nd draft

The second draft of the Delta Stewardship Council/Delta Science Program's Delta Science Plan has been released. The Delta Science Plan, called for in the Delta Plan, is a framework for conducting science that organizes and integrates Delta science activities and builds an open collaborative science community (One Delta, One Science). The deadline for public comments on the second draft is September 16. The second draft and how to submit comments are [here](#).

New Web page has Delta Plan regulations

There is a new Web page for the Delta Stewardship Council (DSC), [14 Delta Plan regulations](#). The regulations were recently approved by the Office of Administrative Law.

Also, any public agency seeking training on how to self-certify a possible Covered Action, as defined in the Delta Reform Act or in the Delta Plan's new regulations, should contact Kevan Samsam of the DSC at 916-445-5011 or ksamsam@deltacouncil.ca.gov.

Clean, easy-to-read Final Delta Plan is now posted

A clean version of the Final Delta Plan, including an Executive Summary, easy-to-read text, informative graphics, and decorative photographs, is available for review [here](#).

Water Commission posts draft language for regulation

The California Water Commission has posted [working draft language for potential regulation SBx7-2](#), which adds methods for quantification and management of public benefits. Ecosystem and water quality improvements in the Delta are part of this proposed regulation.
