Dear Chief Brown,

I am deeply concerned about the negative environmental effects of the peripheral canal. In addition, I feel as if the legislature's going to push it through without enough voters being fully aware of the fiscal impact and the dreaded consequences for Northern CA homeowners such as myself - let alone the environmental effects to our beloved jewel, the San Joaquin Delta. As it stands, we already have sea lions trying to cross I-5. We don't need the peripheral canal. I feel as if it is a bad idea for all of us - and for the future generations as well.
