## NOTICE TO CONTRACTORS

---

STATE OF CALIFORNIA  
THE CALIFORNIA NATURAL RESOURCES AGENCY  
DEPARTMENT OF WATER RESOURCES

### CHANGED BY ADDENDUM 2

Sealed bids for PIPELINE MODIFICATIONS FOR STATE HIGHWAY 12 WIDENING, NORTH BAY AQUEDUCT, STATE WATER FACILITIES, DELTA FIELD DIVISION, NAPA AND SOLANO COUNTIES, CALIFORNIA, SPECIFICATION NO. 10-21, CONTRACT NO. C51427, will be received by the Department of Water Resources, 1416 Ninth Street, Room 418, Sacramento, California 95814, not later than **2:00 P.M. on WEDNESDAY, DECEMBER 8, 2010**, at which time they will be publicly opened and read at an announced location in the vicinity of such office.

Bid forms for this work are included in a separate booklet titled BID FORM. Bids will be considered only if submitted for all the work required for the above project. The work is defined in Section 011110 – Summary of Work, and includes but is not limited to the following principal features:

1. This project occurs at three locations along Highway 12 west of Interstate Highway 80 (I 80). This project will prepare the existing North Bay Aqueduct pipeline for a planned improvement of Highway 12 by Caltrans: a. Site 1: The pipeline shall be excavated, encased in reinforced concrete, and backfilled, b. Site 2: The pipeline shall be excavated, encased in reinforced concrete, and backfilled, c. Site 3: Portions of the existing pipeline and an existing manhole and blowoff shall be excavated and demolished. A new pipeline shall be constructed along with a new access structure and blowoff. The new pipeline shall be encased in reinforced concrete and backfilled with soil, 1) Stone slope protection rock shall be placed for the new blowoff, 2) The annular space between the existing water pipe and the casing pipe under Highway 12 shall be grouted, 3) An existing flowmeter vault shall be demolished and a new flowmeter vault shall be constructed. The existing flow chart panel, support structure and door shall be relocated. A new sump pump and associated piping shall be constructed, 4) Department furnished flowmeters shall be installed and new piping shall be constructed for the flowmeters. The Contractor shall furnish and install one new flowmeter, 5) Existing backflow preventers shall be removed and new backflow preventers and valves shall be constructed, and d. All three sites shall require extensive traffic control and safety measures.

Forms of bid and contract, drawings and specifications for the project may be obtained only at the Department of Water Resources (DWR), 1416 Ninth Street, Room 418, Sacramento, California, between the hours of 7:30 a.m.-12:00 noon and 12:30-4:00 p.m. or by mail upon written request to the Department of Water Resources, P. O. Box 942836, Sacramento, California 94236-0001, Attention: Jim Veres, Spec. No. 10-21, Telephone (916) 653-4867, Fax (916) 653-6166, or by e-mail at [doe\\_specs@water.ca.gov](mailto:doe_specs@water.ca.gov). Drawings and specifications may be seen at the above location or at the office of the Department at Lancaster Project Headquarters, 121 West Carriage Lane, Suite 101, Lancaster, California, 93534. Questions relating to bidding may be directed to the Contract Coordinator of DWR in Sacramento, at the contacts listed above. Questions or requests for clarification of the drawings or specifications shall be made in writing at least 10 days before the scheduled opening of bids. Response, if appropriate, will be furnished/sent to all prospective bidders on DWR Planholder's List. A tour or meeting regarding the work site will be scheduled and conducted by the Department. **IT IS RECOMMENDED THAT INTERESTED CONTRACTORS ATTEND THE INSPECTION TRIP.** Contractor's license classification required for this work: A.

All bidders shall be prequalified by the Department. Bid documents will be furnished only to prequalified bidders who meet the requirements of the State Contract Act and Document 00040 – Prequalification.

MARK W. COWIN  
Director of Water Resources
