Comment here: June 1, 2016 Lack of notice to Delta Parties
Date Main Topic of Comments

The state of California's water system connects all of California so when the DWR holds meetings that impact water and water usage there should be more outreach. Specifically, as citizen of Stockton, California, I am frustrated that there was no broad outreach or notice about the open house or public comment meeting to interested parties in the Delta. ~~The~~ Kern ~~Water~~ County Water Bank operations ~~drive~~ drive Delta Water exports. Delta communities should have been given visible notice of this meeting and the open house in Bakersfield. The lack of public notice ~~represents~~ in the Delta represents a failure on the part of the DWR.
