DISTRIBUTION LIST

You are invited to attend a workshop to discuss the Draft Near-Term Guidelines for the Delta Levees Special Flood Control Projects Fiscal Years 2009-10 and 2010-2011. These guidelines will provide direction for the expenditure of Proposition 1E and Proposition 84 funds, appropriated through Senate Bill 2X1, and other funds made available to the Program through the Governor's budget. This will include levee improvement projects associated with HMP and PL84-99 design standards, habitat enhancement, and aqueducts crossing the Delta. The intent of the Guidelines is that the project evaluation and selection process be transparent.

The workshop has been scheduled to discuss the differences between the Interim and Near-Term Guidelines, and to get feedback from the public. Your participation would be appreciated. The workshop is scheduled as follows:

Date: December 2, 2009  
Time: 1:00 p.m. to 4:00 p.m  
Location: Jean Harvie Community Center  
14273 River Road  
Walnut Grove, California

The workshop will focus on the following:
