**WELL COMPLETION REPORT RELEASE REQUEST AND CONFIDENTIALITY AGREEMENT
REGULATORY-RELATED ENVIRONMENTAL CLEANUP STUDY**

Under California Water Code Section 13752, Well Completion Reports associated with wells located within two miles of an area affected or potentially affected by a known unauthorized release of a contaminant will be made available upon request to any person performing an environmental cleanup study associated with the unauthorized release, if the study is conducted pursuant to a regulatory agency order. Requests must be made on the form below, signed and submitted to the appropriate DWR District Office. Please provide the township, range, and section of the property where the study is to be conducted. Attach a map or a sketch with a north arrow, and provide as much identifying information requested below as possible; additional paper may be attached if necessary.

Well Completion Reports are made confidential pursuant to Water Code Section 13752 which defines the persons or entities entitled to copies of those reports and the circumstances under which those reports may be requested. Release of well reports to authorized entities does not change their confidential character, and other uses of the reports are not authorized by the Water Code. Failure to comply with the requirements of Section 13752 is a misdemeanor (Water Code Section 13754).
