

Production Schedule: IEP Newsletter

Thank you for your interest in the production of the [IEP Newsletter](#). The IEP Newsletter is produced quarterly. The sequence of the four issues in a volume (one year) is winter, spring, summer, and fall. Below are the appropriate article deadlines for each issue.

IEP staff and several regular contributors are notified one month in advance of the article deadline. If you want to receive these notices, send your request by e-mail to pcorn@water.ca.gov.

Elsewhere on the IEP website is the [IEP Newsletter Guide to Authors](#) in Adobe Portable Document Format (PDF). In it you will find all instructions for submitting an article. Please follow the instructions closely; if you have any questions you may contact Patricia Cornelius at pcorn@water.ca.gov or (916) 651-9606.

You will need Adobe Acrobat Reader to open, view, and print the guide. If you do not have Acrobat Reader, download a free version from Adobe's website

Calendar Year 2009

Winter Issue

Article Deadline: Friday January 16, 2009

IEP Workshop agenda is no longer published in this issue. First it is posted in draft form on the IEP website (www.water.ca.gov/iep), then in final form published and distributed at the IEP Workshop.

Spring Issue

Article Deadline: Friday April 17, 2009

This issue features Delta status and trends for IEP monitoring programs such as the Fall Midwater Trawl Survey and 20-mm Survey.

Summer Issue

Article Deadline: Friday July 17, 2009

Fall Issue

Article Deadline: Friday October 16, 2009

Calendar Year 2010
