

**Assistant Field Supervisor for Science, Modeling and Water Operations position**

The Bay-Delta Fish and Wildlife Office is currently advertising to fill our vacant Assistant Field Supervisor for Science, Modeling and Water Operations (vice-Roger Guinee) position. We are looking for someone with expertise in California water operations and the ability to lead a technical team focused on conservation of aquatic species of the San Francisco Bay-Delta and its watershed. Please share this message with your staff and anyone you know who would be interested in applying for this job.

Below are the links to the announcements, which close Tuesday, 9/22/15. We are advertising the position two ways:

1) open to candidates with Federal status (current federal employees eligible for merit promotion or candidates eligible for hiring through the Veterans Employment Opportunity Act program).  
MPP (VIN 1492369) <https://www.usajobs.gov/GetJob/ViewDetails/414140300>

2) open to all qualified U.S. citizens  
DEU (VIN 1490727) <https://www.usajobs.gov/GetJob/ViewDetails/414055200>
