

MEMORIAL PARK DETENTION BASIN PROJECT

Attachment 10 – GWMP, AB 1420, and Water Meter Compliance Information

Town of San Anselmo is the applicant for this grant and the Project will be constructed on lands owned by the Town. Since the Town is not an urban water supplier, AB 1420 and Water Meter compliance is not required.

The Memorial Park Detention Basin Project includes a subsurface drain system consisting of drain pipes designed to keep the grass field dry and useable for recreation by controlling groundwater seepage. Also included in the project are wells. Groundwater captured and collected by the drain system and wells will provide the water supply for irrigating the grass fields during the dry season when irrigation is needed. The Town of San Anselmo will operate and maintain the subsurface drain system and wells. Operation of the subsurface drain system and wells has the potential to impact groundwater by lowering groundwater levels in the vicinity of the park.

In addition, the Project includes daylighting Sorich Creek, which consist of removing the existing buried concrete culvert and restoring the natural channel bed and bank. The restored creek will recharge groundwater via infiltration through the restored creek bed and bank.

The Town consents to be subject to a GWMP, basin-wide management plan, or other IRWM program or plan that meets the requirements of CWC §10753.7. To date, there is no GWMP for the Ross Valley Groundwater Basin. A completed GWMP compliance certification form is attached.

California Department of Water Resources
Integrated Regional Water Management Grant Programs

**CERTIFICATION FOR GROUNDWATER MANAGEMENT PLAN COMPLIANCE
FOR THE
PROPOSITION 84, IMPLEMENTATION AND
PROPOSITION 1E, STORMWATER FLOOD MANAGEMENT
GRANT PROGRAMS**

Grant Program: Implementation SWFM
IRWM Region: San Francisco Bay Area
Agency name: Town of San Anselmo
Project Title (as shown on application form): Memorial Park Detention Basin Project

Please check one of the boxes below and sign and date this form.

- As the authorized representative for the agency, I certify under penalty of perjury under the laws of the State of California, that the agency has prepared and implemented a GWMP in compliance with CWC §10753.7.
- As the authorized representative for the agency, I certify under penalty of perjury under the laws of the State of California, that the agency participates or consents to be subjected to an existing GWMP, basin-wide management plan, or other IRWM program or plan that meets the requirements of CWC §10753.7(a).
- As the authorized representative for the agency, I certify under penalty of perjury under the laws of the State of California, that agency consents to be subjected to a GWMP that will meet the requirements of CWC §10753.7 and be completed within 1-year of the grant application submittal date.
- As the authorized representative for the agency, I certify under penalty of perjury under the laws of the State of California that the agency conforms to the requirements of an adjudication of water rights in the subject groundwater basin.

I understand that the Department of Water Resources will rely on this signed certification in order to approve funding and that false and/or inaccurate representations in this Certification may result in loss of all funds awarded to the applicant for its project. Additionally, for the aforementioned reasons, the Department of Water Resources may withhold disbursement of project funds, and/or pursue any other applicable legal remedy.
