

Attachment 1

Authorization and Eligibility Requirements

1.7 Agricultural Water Management Compliance

None of the project proponents named in this application meets the definition of an agricultural water supplier, as defined in the Drought 2014 Final Program Guidelines (“a water supplier, either publicly or privately owned, provided water to 10,000 or more irrigated acres, excluding the acreage that received recycled water; also include a supplier or contractor for water regardless of the basis of right that distributes or sells water for ultimate resale to customers”).
