Re: Surface Water Diversion Reporting

Dear Ms. Sager:

This letter is in regards to your question regarding California Surface Water Diversion Reporting. I understand that this report is being requested by the North Coast Resource Partnership in order to fulfill application requirements to get drought related funding from the state.

Although based in California, the Yurok Tribal Public Water System is regulated by the U.S. Environmental Protection Agency Region 9 (EPA). EPA does not require surface water diversion reporting from their regulated water systems, and therefore your system is not expected to have this information.

If you have any questions, please contact me at (415) 972-3560.

Sincerely,

  
Corine Li, Manager  
Drinking Water Office
