

## **CASGEM Compliance Shape Files:**

The .shp files that are included in the CASGEM\_Agency Service Areas folder contain the service areas of all five Coachella Valley Regional Water Management Group (CVRWMG). The two project sponsors in this proposal are Coachella Valley Water District (CVWD) and Indio Water Authority (IWA).

Note: When reading the file, be aware that the CVWD service area is much larger than any of the other service areas and may obscure the other agencies when viewed all together.
