RESOLUTION NO. 8208

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACERVILLE
ADOPTING THE COSUMNES, AMERICAN, BEAR AND YUBA (CABY) RIVERS
INTEGRATED REGIONAL WATER MANAGEMENT PLAN (IRWMP)**

WHEREAS, numerous factors such as population growth, development, loss of snowpack, prolonged drought, and greater risk of catastrophic fire in the State of California will continue to pressure water resources, and balancing the needs of urban, agricultural, environmental and recreational water supplies will be a challenge for all involved in water management; and

WHEREAS, the CABY planning region consists of the foothill and upper watersheds of the Cosumnes, American, Bear, and Yuba Rivers; and

WHEREAS, the CABY Planning Committee is composed of the agencies and organizations that wrote and adopted the first CABY IRMWP which was approved in 2007; and

WHEREAS, the Placerville City Council adopted the 2007 CABY IRMWP on June 26, 2012; and

WHEREAS, CABY's diverse group of public agencies, water providers, tribal entities, businesses, residential water users, and agricultural, community, recreational, and environmental organizations, have jointly developed this update to CABY's existing Integrated Regional Water Management Plan (IRWMP); and

WHEREAS, the IRWMP has served and will continue to serve as a voluntary planning document that identifies broadly supported guiding principles, vision, goals, objectives and projects to enhance the beneficial uses of water for the CABY region; and

WHEREAS, this collaborative planning effort continues to formulate water management strategies for the region and to prioritize projects that address regional watershed issues, coordinate with other IRWMPs, address local, state and federal plans' priorities, achieve multiple benefits, encompass more than one watershed, and meet short- and long-term water resource needs; and

WHEREAS, continuing this integrated regional approach to water management will further streamline individual efforts and increase efficiencies; and

WHEREAS the CABY IRWMP has increased and will continue to increase the number of collaborative partnerships and the organizational capacity of member organizations, and has provided and will continue to provide both a forum for stakeholder input and support for projects that address the common goals and objectives for the CABY region; and

WHEREAS, this regional planning effort has improved and will continue to improve regional competitiveness for grant funding for projects and efforts to implement the IRWMP and achieve agency or organizational goals; and

WHEREAS, in 2011, CABY undertook efforts to update the 2007 IRWMP to meet current state requirements; and

WHEREAS, this updated IRWMP was completed and approved by the California Department of Water Resources Regional Acceptance Process in April, 2014 and was adopted by CABY on May 30, 2014 after appropriate public notice of this impending action; and

WHEREAS, representatives of the City of Placerville have participated in the efforts of CABY and desire to work towards its continued success into the future; and

WHEREAS, the IRWMP is not a legally binding document, but rather a compact with commitments to work together as a region to implement the plan; and

WHEREAS, while the IRWMP references many plans, the entities that adopt the IRWMP don't necessarily endorse all the plans that are referenced; and

WHEREAS, the IRWMP is a living document, reviewed and updated over time, and individual signatories can remain involved or terminate their involvement at any time.

NOW THEREFORE BE IT RESOLVED, that the City Council of the City of Placerville hereby adopts the CABY Integrated Regional Water Management Plan as updated May 30, 2014, as a voluntary document that provides broadly supported, identified goals, objectives, strategies, and projects to meet the integrated water needs of the people and the rivers of the Cosumnes, American, Bear and Yuba region now and into the future.

The foregoing Resolution was introduced at a regular meeting of the City Council of the City of Placerville held on June 24, 2014 by Vice-Mayor Borelli who moved its adoption. The motion was seconded by Councilmember Patton. The motion was passed by the following vote:

Final Review

Dear Ms. Martin:

This letter transmits the Department of Water Resources (DWR) final review of the CABY Integrated Regional Water Management (CABY IRWM) Plan. The public comment period on DWR's review of the CABY IRWM Plan has closed and no public comments were received. DWR has determined that the CABY IRWM Plan is consistent with the IRWM Planning Act and the related IRWM Plan Standards contained in the 2012 IRWM Program Guidelines. The final review is posted on the following link: <http://www.water.ca.gov/irwm/grants/prp.cfm>.

If adopted by the Regional Water Management Group and project proponents, by the appropriate dates, the CABY IRWM Plan will satisfy the terms of the Round 1 and Round 2 Implementation Grant Agreements default clause and the adopted plan eligibility criteria for the 2014 Drought Solicitation. Each agreement and grant solicitation has its own date for adoption compliance.

To simplify submitting proof of adoption, DWR will compile and track this information and inform DWR grant managers and grant application review teams appropriately. You may submit proof of adoption material as often as necessary. When submitting information, please fill out and the IRWM Plan Adoption Form, found at: <http://www.water.ca.gov/irwm/grants/resourceslinks.cfm>, along with scanned proof of adoption, and then submit the material directly to Craig Cross at the email address listed below.

If you have any questions, please contact Craig Cross at (916) 651-9204 or Craig.Cross@water.ca.gov

INTRODUCTION

IRWM planning regions must have an IRWM Plan that has been reviewed and deemed consistent with the 2012 IRWM Plan Standards by DWR for eligibility to receiving Round 3 Proposition 84 funding. This 2012 IRWM Plan Standards Review Form for DWR staff use provides a consistent means in determining whether the 2012 IRWM Guidelines are being addressed in the IRWM Plan. It is part of the Plan Review Process that will begin prior to Round 3 solicitation. The form is similar to a grant application review form in that there is a checklist for each of the 16 Plan Standards and narrative evaluations where required. However, the evaluation is pass/fail; there is no numeric scoring. Each Plan Standard is either sufficient or not based on its associated requirements. Each Standard consists of between one and fourteen requirements. A Yes or No is automatically calculated in each Plan Standard header based on the individual requirement evaluations. In general, a passing score of "C" (i.e. 70% of the requirements for a given Plan Standard) is required for a Standard to pass. Standards with only one or 2 requirements will need one or both of those requirements to pass. Standards with 3 requirements will need at least 2 of the requirements to pass. Standards with 4 or 5 requirements will need at least 3 to pass. Some plan elements are legislated requirements. Such plan elements must be met in order to be considered consistent with plan standards. A summary of the sufficiency of each Standard is automatically calculated on the Standards Summary worksheet. A "No" evaluation indicates that a Standard was not met due to insufficient requirements comprising the Standard. The evaluation for each Plan Standard and any associated insufficiencies is automatically compiled on the Standards Summary page. Additional reviewer comments may be added at the bottom of each standards work sheet.

Note: This review form is meant to be a tool used in conjunction with the 2012 IRWM Guidelines document to assist in the evaluation of IRWM plans. It is not designed to be a substitute for the Guidelines document itself. Reviewers must use the Guidelines in determining plan consistency.

DEFINITION OF TABLE HEADINGS

IRWM Plan Standard: As named in the November 2012 IRWM Prop 84 and 1E Guidelines.

Overall Standard Sufficient: This field is either "YES" or "NO" and is automatically calculated based on the "Sufficient" column described below. If all fields are "y", the overall standard is deemed sufficient. Any entry other than a "y" in the Sufficient column (i.e. "n", "?", not sure, more detail needed, etc.) results in a NO.

Plan Standard Requirements Which Must Be Addressed Fields with an asterisk * are required by legislation to be included in an IRWM Plan.

Requirement	Requirements are taken directly from the November 2012 Guidelines.
Included	Is the Guideline Requirement included in the IRWM Plan? The options are: y = yes, requirement is included in the IRWMP; or n = no, requirement is not included in the IRWMP. If only y or n then presence/absence of the requirement is sufficient for evaluation. If there is a "q" (qualitative) then add a brief narrative, similar to a Grant Application Review public evaluation or supporting information.
Plan Standard Source	
2012 IRWM Grant Program Guidelines Source Page(s)	Page(s) in the Guidelines (November 2012) which pertain to the Requirement.
Legislative Support and/or Other Citations	The CWC or other regulations that pertain to the Requirement, if applicable . This is for reference purposes. The cell links to a weblink of the regulatory code.
Evidence of Sufficiency	
Location of Standard in Grantee IRWM Plan	The page(s) or sections in the IRWM Plan where information on the Requirement can be found. This can be specific paragraphs or entire chapters for more general requirements.
Brief Qualitative Evaluation Narrative	Supporting information for the Requirement if a "q" is in the Included column. This can be just a few sentences or a paragraph and can be taken directly from the IRWM Plan. Comments or supporting information may be entered regardless of whether required.
Sufficient	Is the Guidelines requirement sufficiently represented in the IRWM Plan (y/n).
