

Adopted Plan and Proof of Formal Adoption

The Poso Creek IRWM RWMG completed proof of formal adoption of the original IRWM Plan on July 26, 2007 formalizing their organization and planning structure as an IRWM Group. To maintain compliance with updated Proposition 84 standards, the RWMG drafted and adopted a 2014 Plan Update on June 20, 2014. A 'Proof of Adoption' form signed by each of RWMG member districts, as adoption of the 2014 Plan Update which supplements prior planning documents, is included as at the end of Attachment 1, which includes North Kern. Also included in this Attachment 1 is a formalized Plan Update adoption notice signed by LHUD. McFarland, as the submitter of a project for inclusion in the 2014 IRWM Drought Solicitation Program and assumed project sub-grantee, shall provide Proof of Adoption of the Plan Update to the DWR no later than September 9, 2014.

The IRWM Plan was adopted consistent with CWC Section 10543 and was submitted to DWR in June, 2014 under the 'Plan Review Process' for assessing IRWM Plan consistency with the 2012 IRWM Program Guideline Plan Standards (Plan Standards). A letter from the DWR Division of Integrated Regional Water Management, dated July 7, 2014, indicated that the Plan Update was found to be consistent with the IRWM Planning Act and Plan Standards based on a draft review.

POSO CREEK INTEGRATED REGIONAL WATER MANAGEMENT (IRWM) GROUP 2014 IRWM PLAN UPDATE

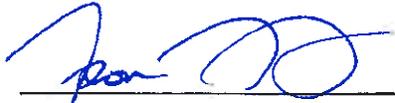

PROOF OF ADOPTION BY REGIONAL WATER MANAGEMENT GROUP (RWMG)

The *Poso Creek Integrated Regional Water Management (IRWM) Group* is represented by the Regional Water Management Group (RWMG), which includes the Semitropic Water Storage District (acting as the IRWM Leading Agency), Cawelo Water District, Kern-Tulare Water District, Delano-Earlimart Irrigation District, North Kern Water Storage District, Shafter-Wasco Irrigation District, North West Kern Resource Conservation District, and a Representative for the Poso Creek Region Disadvantaged Communities (DACs) Group (DAC Representative).

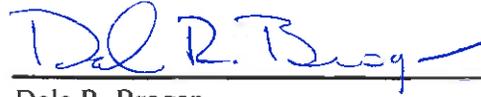

A *2014 Poso Creek Integrated Regional Water Management Plan Update (Plan)* was prepared to compliment and expand upon the original 2007 *Poso Creek Integrated Regional Water Management Plan*. The Plan was drafted in accordance with the IRWM Plan Standards set forth in the November 2012 Integrated Regional Water Management Grant Program Guidelines published by the Department of Water Resources (DWR) and the State Water Resources Control Board (SWRCB) pursuant to the California Water Code Section 79562.5(b).

The Plan has undergone a thorough review by the RWMG, on behalf of the IRWM Group, and has completed a public review period. Pursuant to the Memorandum of Understanding (MOU), signed August 25, 2010, which sets forth the governance and management structure of the RWMG, the RWMG acknowledges the preparation of the Plan as compliant with DWR and SWRCB standards and requirements.

On this day, June 20, 2014, the participants that form the Regional Water Management Group signed this Proof of Adoption to acknowledge the adoption of the 2014 Poso Creek Integrated Regional Water Management Plan Update by their respective agencies.
