<b>Proposal Name *</b>	San Diego IRWM 2014 IRWM Drought Solicitation Implementation Grant Proposal			
<b>Proposal Objective*</b>	This San Diego IRWM Drought Solicitation Implementation Grant Proposal is a compilation of projects that will address drought impacts in the Region by diversifying water supplies, increasing recycled water production and use, and conserving potable water. This proposal includes the suite of projects best suited to meeting the current and future drought challenges of the San Diego Region. Each of these projects can be implemented on an expedited timeline, and have been identified as priority projects for the Region. The Proposal also contains synergies and linkages with other projects and organizations, resulting in an integrated project approach that will assist the region in meeting its critical water management needs in a real and measurable fashion.
