**Integrated Regional Water Management Program
Applicant: Tuolumne-Stanislaus Integrated Regional Water Management Authority**

Attachment 1 – Authorization and Eligibility Requirements – Project Consistency Documentation
 Tuolumne- Stanislaus 2014 IRWM Drought Grant Proposal

All of the projects within this proposal have been approved by the Tuolumne Stanislaus Integrated Regional Water Management Authority after first being ranked by the Watershed Advisory Committee, and have been deemed consistent with, and included within, the Tuolumne Stanislaus IRWM Plan. The status of each is described below:

PROJECT	Date of Approval for inclusion in the IRWM Plan	Notes
GCSD Water Filtration Project	May 21, 2014	
TCRCD Regional Water Conservation Program	May 21,2014	
TUD Phoenix Lake Preservation and Restoration Project – Phase 3	In original approved IRWM Plan Project List and approved for inclusion in Grant proposal on May 30, 2014	Phase 2 funded through Round 2 Implementation Grant
THCSD Shadybrook Well Project	May 21, 2014	Specific well location has changed, but the project is exactly the same
TUD Matelot Reservoir	May 30, 2014
