Proposal Name *	Mokelumne/Amador/Calaveras Prop 84 IRWM 2014 Drought Implementation Grant Application			
Proposal Objective*	<p>This grant proposal requests funding to allow the Upper Mokelumne River Watershed Authority (UMRWA), the official Regional Water Management Group for the Mokelumne/Amador/Calaveras (MAC) IRWM Planning Region to implement two projects proposed by Amador Water Agency . AWA's Ione WTP Backwash Water Reuse Project and the Upper Amador Canal Untreated Pipeline Project would help the MAC Region address water supply-related impacts resulting from the 2014 Drought. The Region is at risk of not meeting drinking water demands, agricultural water demands, is seeing impacts to recreation, and could have additional significant impacts if the drought continues. It is imperative these projects be implemented as soon as possible and that expedited funding be used in order to minimize potential economic impacts to disadvantaged communities in the AWA service areas.</p>
