December 10, 2013

Mr. Tim O'Halloran
General Manager
Yolo County Flood Control
and Water Conservation District
34274 State Highway 16
Woodland, CA 95695-9371

Dear Mr. O'Halloran:

The Department of Water Resources (DWR) has completed its review of your Agricultural Water Management Plan for the purpose of meeting the requirements of Water Code Sections 10608.48 (a)-(d), and 10800 *et seq.*, Part 2.8. We find that your plan generally meets the requirements of the code sections.

However, Table 1 on page 3 is blank regarding whether a copy of the plan was sent to a California State Library. The Water Code §10843(b)(6) states that the water supplier shall submit a copy of the plan to the California State Library. DWR recommends this be addressed in the 2015 plan update.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's plan data, projections, or water management strategies. This letter is meant to acknowledge that the supplier has addressed these requirements. The results of the review will also be provided to the DWR's Water Use and Efficiency grants program and the Financial Assistance Branch, and to any other state agency that offers grants and loans.

If you have any questions regarding the review of the plan, please feel free to contact Marty Berbach at (916) 651-9216 or martin.berbach@water.ca.gov

Sincerely,

A handwritten signature in black ink, appearing to read "Kent Frame".

Kent Frame
