

F. Agricultural Water Management Compliance

None of the project proponents included in the Bay Area Regional Climate Change Preparedness proposal qualify as agricultural water suppliers pursuant to CWC Section 10608.12. **Table 1-4** provides clarifying information submitted by the project proponents.

Table 1-4. Agricultural Water Suppliers Included in the Proposal

Agency Name	Agency Contact	DWR Verification of Agricultural Water Management Plan
City of East Palo Alto	Not Applicable	The City of East Palo Alto is not an agricultural water supplier.
Marin Municipal Water District	Not Applicable	MMWD is not an agricultural water supplier.
San Francisco Estuary Partnership (SFEP)	Not Applicable	SFEP is not an agricultural water supplier.
San Mateo County RCD	Not Applicable	San Mateo County RCD is not an agricultural water supplier.
Santa Clara Valley Water District	Not Applicable	SCVWD provides water to less than 2,000 irrigation acres and therefore does not meet the definition of "agricultural water supplier" and is not required to prepare an AWMP.
State Coastal Conservancy	Not Applicable	The State Coastal Conservancy is not an agricultural water supplier.
