

CASGEM COMPLIANCE

UPPER SANTA CLARA RIVER 2015 IRWM Implementation Grant

Attachment 1 – Authorization and Eligibility Requirements

CASGEM Compliance

In order to demonstrate CASGEM eligibility, information is being provided here for each Project in this Proposal. Project locations are listed by latitude and longitude in the following table.

Project	Latitude	Longitude
CLWA Residential and Commercial Turf Removal Programs	34°25'47.77"N	118°30'56.54"W
NCWD Santa Clara River Trunk Sewer Line Project Phase II	34°24'48.83"N	118°25'57.26"W
Valencia Water Reclamation Plant Advanced Water Treatment Facilities	34°25'54.00"N	118°35'27.00"W

A Regional Map depicting each agency's service area boundary and underlying groundwater basin is provided with this Attachment and with Attachment 2, Project Justification.

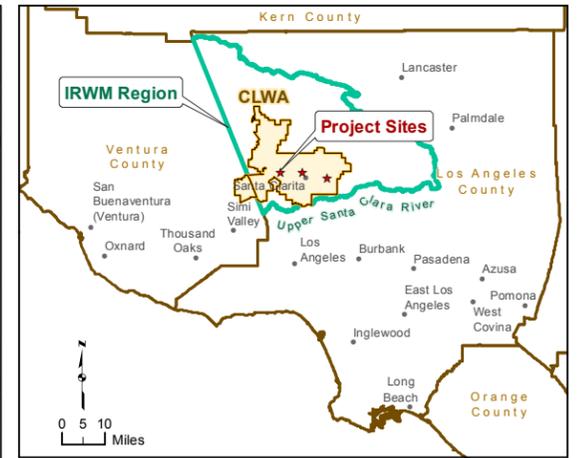

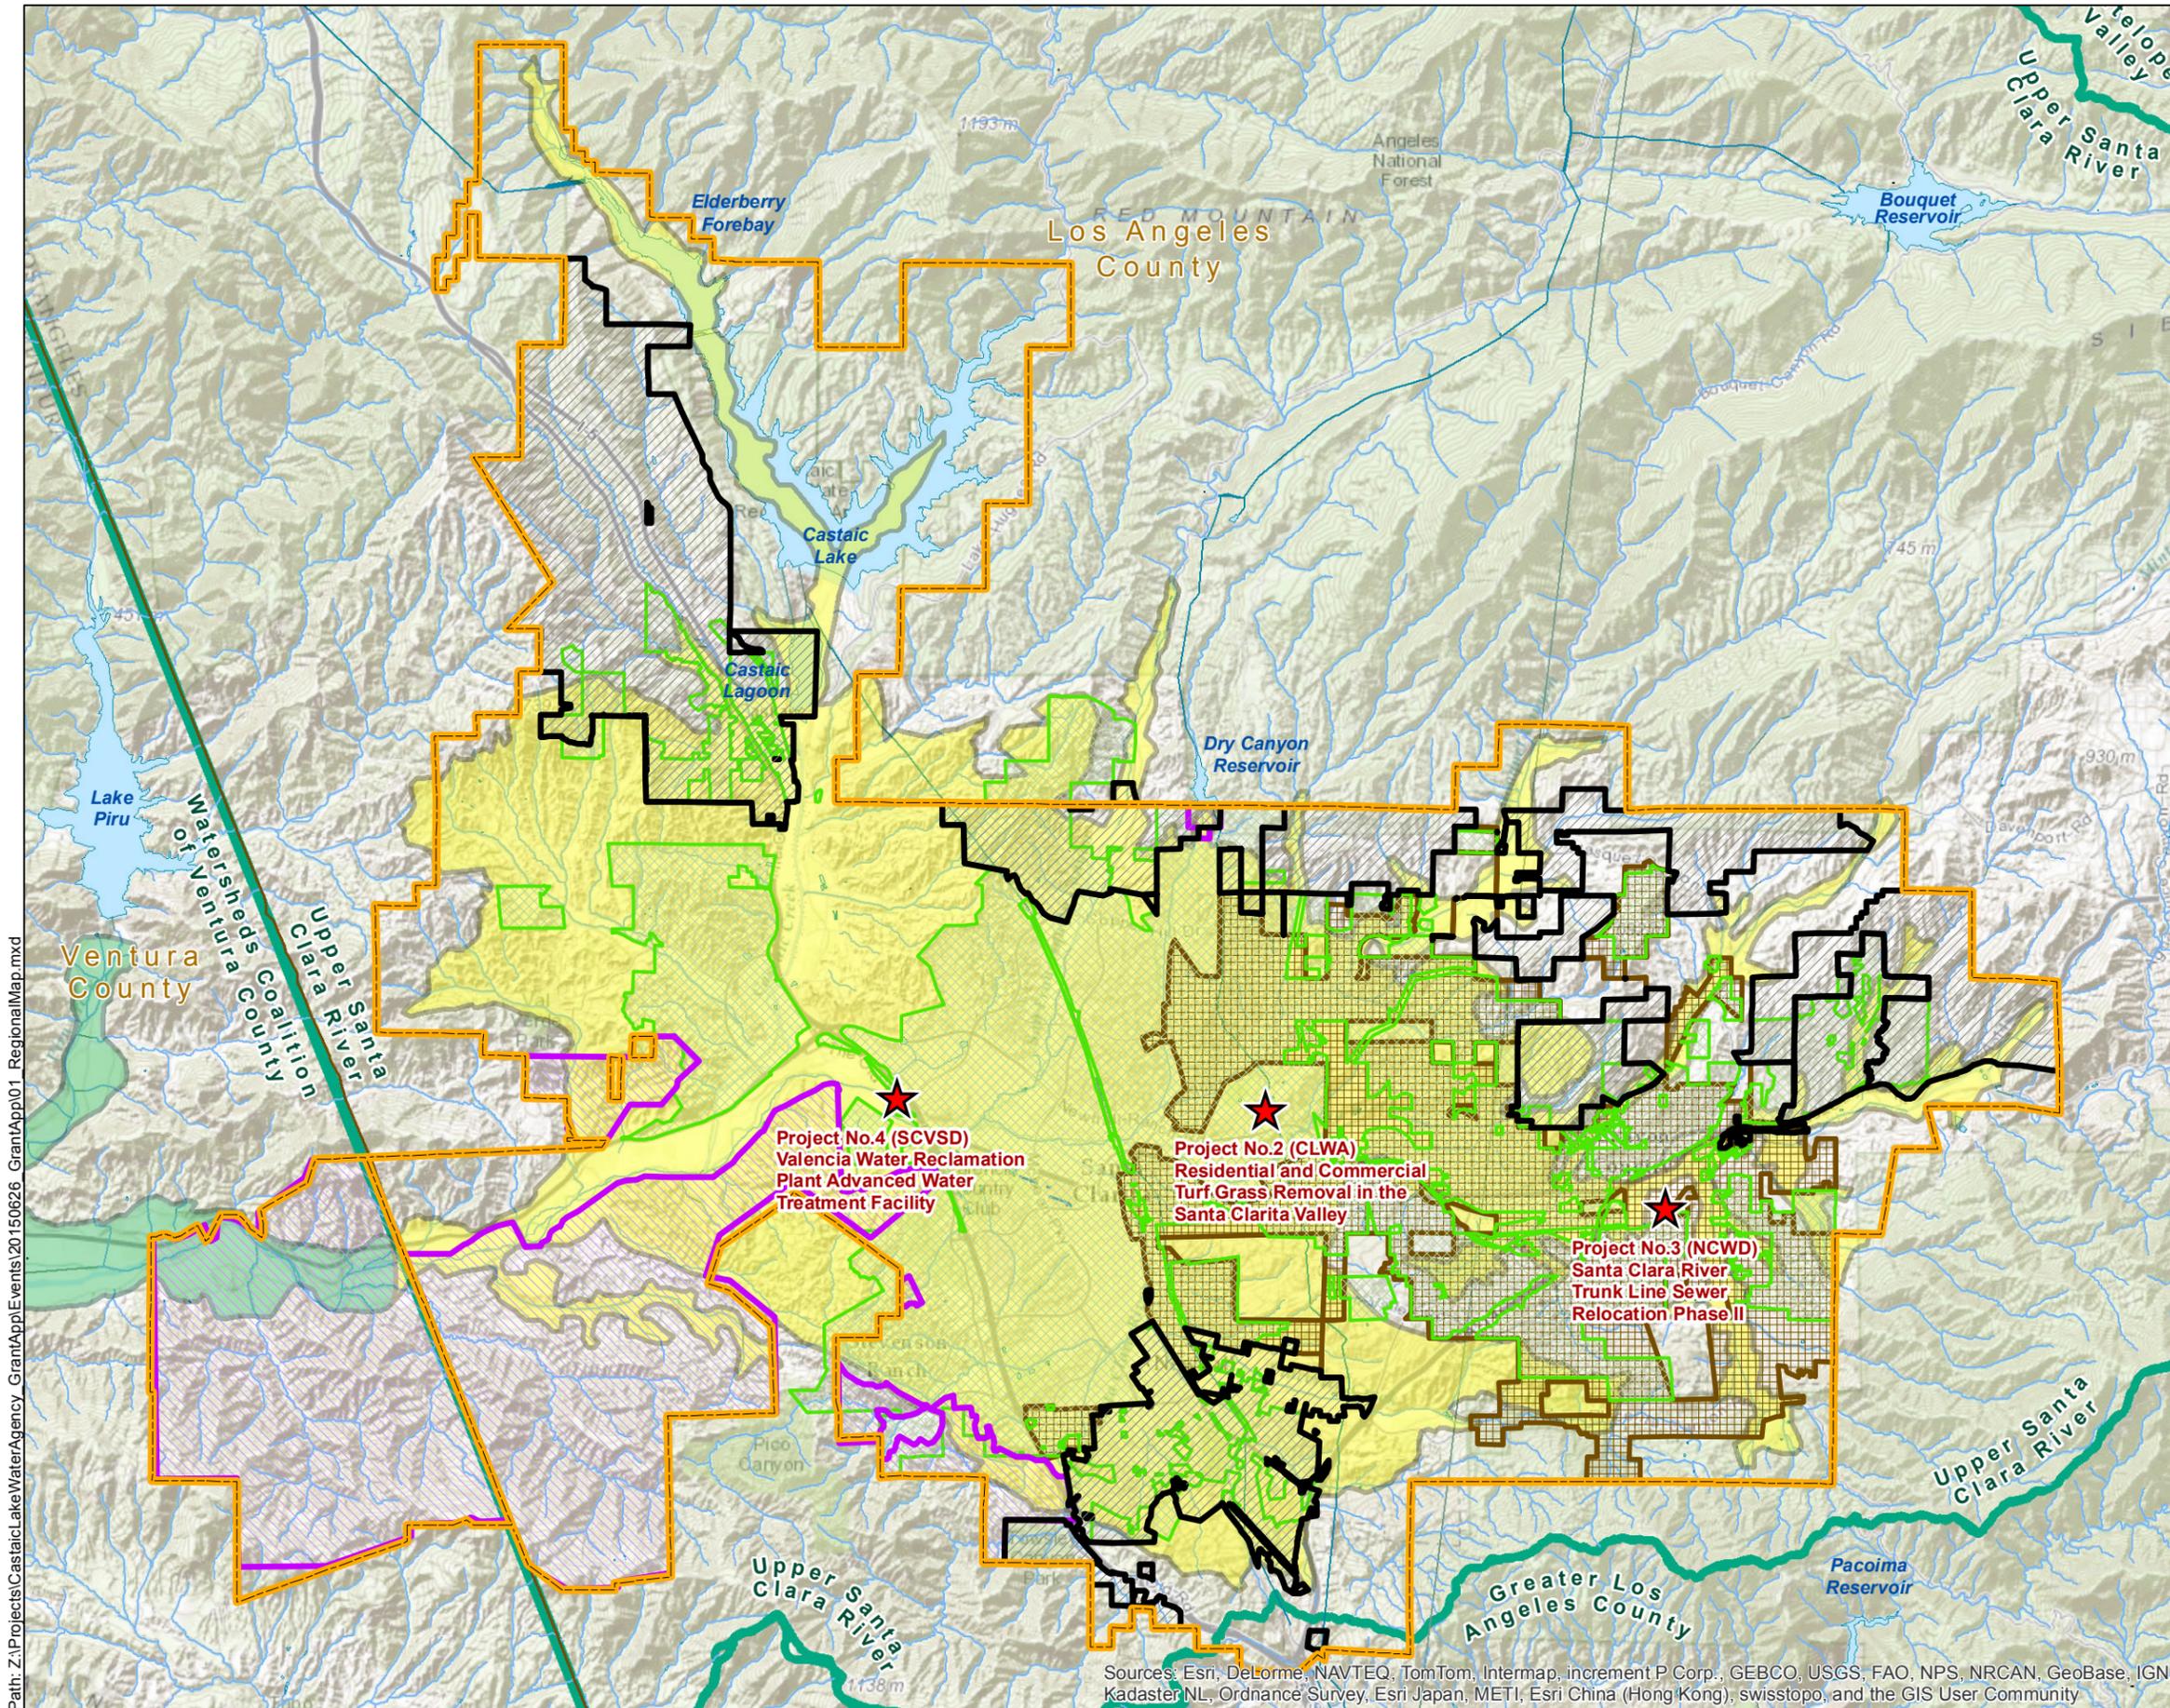

Each agency's service area boundaries are provided as GIS shape files in *Att1_2015IRWM_Eligible_10of10*.

The CLWA Residential and Commercial Turf Removal Programs will be implemented within the boundaries of the CLWA service area which overlies the Santa Clara River Valley Basin, Santa Clara River Valley East Subbasin (Basin Number 4-4.07). This basin has a high priority designation in the CASGEM Program. The latitude and longitude locations are provided for the Agency's Rio-Vista Water Treatment Plant and Administration Building location.

NCWD, a water retailer of CLWA, will implement its project within its service area, and similarly overlies the Santa Clara River Valley Basin, Santa Clara River Valley East Subbasin (Basin Number 4-4.07), deemed a high priority designation in the CASGEM Program.

The Valencia Water Reclamation Plant Advanced Water Treatment Facilities Project also overlies the Santa Clara River Valley Basin, Santa Clara River Valley East Subbasin (Basin Number 4-4.07). This basin has a high priority designation in the CASGEM Program.

Within the Region and for this basin, CLWA is the local monitoring entity for CASGEM. CLWA reports available groundwater level data to the CASGEM program bi-annually. CLWA will continue in this role and provide data consistent with the CASGEM program.

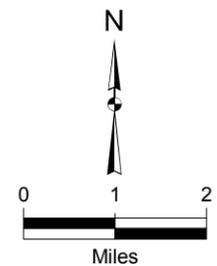

Legend

- ★ Project Sites
- Castaic Lake Water Agency Service Area
Project No. 2 Proponent
- Newhall County Water District
Project No. 3 Proponent
- Santa Clarita Valley Sanitation District
Project No. 4 Proponent
- Valencia Water Company
- Santa Clarita Water Division
- IRWM Regional Boundaries

Groundwater Basins

- Santa Clara River Valley (Piru) - CASGEM
Priority: High
- Santa Clara River Valley (Santa Clara River
Valley East) - CASGEM Priority: High
