

California State Water Resources Control Board
California Department of Water Resources
California Department of Public Health

**CERTIFICATION FOR
COMPLIANCE WITH WATER METERING REQUIREMENTS
FOR FUNDING APPLICATIONS**

In 2004, Assembly Bill 2572 added section 529.5 to the Water Code, providing that, commencing January 1, 2010, urban water suppliers must meet certain volumetric pricing and water metering requirements in order to apply for permits for new or expanded water supply, or state financial assistance for the following types of projects:

1. wastewater treatment projects
2. water use efficiency projects (including water recycling projects)
3. drinking water treatment projects

For the purposes of compliance with Section 529.5, a "water use efficiency project" means an action or series of actions that ensure or enhance the efficient use of water or result in the conservation of water supplies.

Please consult with your legal counsel and review sections 525 through 529.7 of the Water Code before completing this certification.

Applicants Affected

This requirement applies to urban water suppliers.

"Urban water supplier" means a supplier, either publicly or privately owned, providing water for municipal purposes either directly or indirectly to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually. An urban water supplier includes a supplier or contractor for water, regardless of the basis of right, which distributes or sells for ultimate resale to customers.

When Certification is Required

State Water Resources Control Board (SWRCB): The application for financial assistance must include a completed and signed certification form demonstrating compliance with the water metering requirements.

Department of Water Resources (DWR) funding applications: This certification must be completed and submitted with the funding application. Check the specific proposal solicitation package for directions on applicability and submittal instructions.

Department of Public Health (DPH) Safe Drinking Water State Revolving Fund Program: This certification must be completed and submitted with the executed Notice of Acceptance of Application (NOAA).

**CERTIFICATION FOR
COMPLIANCE WITH WATER METERING REQUIREMENTS
FOR FUNDING APPLICATIONS**

Funding Agency name: California Department of Water Resources

Funding Program name: Proposition 84 Implementation Grant

Applicant (Agency name): City of Susanville

Project Title (as shown on application form): _____

Please check one of the boxes below and sign and date this form.

As the authorized representative for the applicant agency, I certify under penalty of perjury under the laws of the State of California, that the agency is not an urban water supplier, as that term is understood pursuant to the provisions of section 529.5 of the Water Code.

As the authorized representative for the applicant agency, I certify under penalty of perjury under the laws of the State of California, that the applicant agency has fully complied with the provisions of Division 1, Chapter 8, Article 3.5 of the California Water Code (sections 525 through 529.7 inclusive) and that ordinances, rules, or regulations have been duly adopted and are in effect as of this date.

I understand that the Funding Agency will rely on this signed certification in order to approve funding and that false and/or inaccurate representations in this Certification Statement may result in loss of all funds awarded to the applicant for its project. Additionally, for the aforementioned reasons, the Funding Agency may withhold disbursement of project funds, and/or pursue any other applicable legal remedy.

SACRAMENTO, CA 94236-0001
(916) 653-5791

June 23, 2014

Mr. Craig Platt
Public Works Director
City of Susanville
66 North Lassen Street
Susanville, California 96130-3904

Dear Mr. Platt:

The Department of Water Resources (DWR) has reviewed the City of Susanville's (City) 2010 Urban Water Management Plan (UWMP). The California Water Code directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans to ensure that they have addressed the required elements of the California Water Code.

DWR's review of the City's 2010 plan has determined the following required elements have not been addressed in accordance with the Water Code:

- Baseline per capita water use was not calculated per DWR's Methodologies. (CWC 10608.20 (h) (1) (A)).
- The target method selected by the City for setting the 2020 target water use was not identified. (CWC 10608.20(b)).

To meet the requirements of the Water Code and to be eligible for State water grants and loans, the City should consider revising its 2010 UWMP to address the UWMP elements listed above. Revised plans must be adopted by the agency's governing board following the public process specified in the UWMP Act. DWR encourages water suppliers to send drafts of the revised sections to DWR for review before adopting the revised plan.

Mr. Craig Platt
June 23, 2014
Page 2

After adoption, copies of the revised plan should be sent to DWR, the State Library, and local cities and counties. On receiving the revised plan, DWR will review the revised sections for compliance with the UWMP Act.

Please feel free to contact me if you would like to discuss this further.

Sincerely,

Peter Brostrom
UWMP Program Manager
California Department of Water Resources
P.O. BOX 942836
Sacramento, CA 94236

Dear Mr. Brostrom:

This letter is to inform you that the City of Susanville has begun the process to address the deficiencies in the City's 2010 Urban Water Management Plan (UWMP). As per your letter dated June 23, 2014, the following required elements will be addressed:

- Baseline per capita water use will be calculated per DWR's Methodologies. (CWC 10608.20 (h) (1) (A)).
- The target method selected by the City for setting the 2020 target water use will be identified. (CWC 10608.20(b)).

It is anticipated that the UWMP update will be complete by the end of October, 2015. This timeline allows for the required public noticing prior to approving a revised plan.

Please contact me with any questions or comments.

Sincerely,

Dan Newton
Director
