Adopted Plan and Proof of Formal Adoption

The “Greater Los Angeles County Integrated Regional Water Management Plan” (IRWM Plan) was updated to be consistent with the 2012 IRWM Plan Standards, and was deemed consistent with the Plan Standards by the Department of Water Resources (DWR) on June 5, 2014. Appendix 1-2 contains the DWR letter of review and acceptance. Per the 2015 IRWM Implementation Grant Proposal Solicitation Package, IRWM regions that have had their IRMW plans approved by DWR are not required to submit proof of adoption. Therefore, adoption of the IRWM Plan by RWMG entities are not included with this application.

The IRWM Plan was adopted by all project proponents and project partners as shown in Table 1-1. Appendix 1-3 contains the Proof of Adoptions for each of the Project Proponents and Project Partners. The following agencies have adopted the IRWM Plan, however, the proof of adoption documents were not available at the time of this submittal, and will be sent to DWR as they become available: City of Monterey Park, City of Vernon, City of Palos Verdes Estates, Los Angeles County Waterworks District 29, and Pico Water District. The expected date of adoption for each agency is listed in Table 1-1.
