

Upper Pit Disadvantaged Communities’ Human Right to Water and Drought Sustainability Projects  
*North Cal-Neva Resource Conservation and Development Council, Inc.*

**Attachment 2 – Project Justification: Project Summary Table**

Note that grant administration – overall proposal administration, reporting, invoicing, etcetera – does not meet a project element, but will aid in the reporting of all project elements.

Table 4 – 2015 IRWM Grant Solicitation Project Summary Table				
IRWM Project Element		Project 1: Grant Administration	Project 2: Pit River Streambank Stabilization and Riparian Restoration With Floodplain Enhancement	Project 3: Fall River RCD / Pit RCD Open Ditch Conversion Water Conservation / Water Supply DAC Projects
IR.1	Water supply reliability, water conservation, and water use efficiency		X	X
IR.2	Stormwater capture, storage, clean-up, treatment, and management			
IR.3	Removal of invasive non-native species, the creation and enhancement of wetlands, and the acquisition, protection, and restoration of open space and watershed lands		X	
IR.4	Non-point source pollution reduction, management, and monitoring		X	X
IR.5	Groundwater recharge and management projects			
IR.6	Contaminant and salt removal through reclamation, desalting, and other treatment technologies and conveyance of reclaimed water for distribution to users			
IR.7	Water banking, exchange, reclamation, and improvement of water quality			
IR.8	Planning and implementation of multipurpose flood management programs			

IR.9	Watershed protection and management			X
IR.10	Drinking water treatment and distribution			
IR.11	Ecosystem and fisheries restoration and protection		X
