This attachment is divided into separate parts per instructions in the 2015 IRWM Proposal Solicitation Package (PSP). For these parceled attachments all referenced figures and supporting documentation are provided at the end of the document. Supporting documentation is not isolated, such as in numbered appendices, but is rather simply included in the attachment with the implication of a direct connection to the attachment part.

## **1.2. ELIGIBLE APPLICANT DOCUMENTATION**

Simply stated, North Kern is a local public agency, specifically a “special district”, as defined in Appendix B of the 2015 IRWM Guidelines. Since the applicant, North Kern, has applied for an IRWM Grant after January 1, 2012, the applicant is not required to re-submit answers to the questions regarding eligible applicant information, as stated in the 2015 Proposal Solicitation Package (PSP).
