List of Supporting Documentation

- Applicant Contact Information**
- Resolution of Intention of North Kern WSD to File an Application**
- North Kern WSD Supplemental Statements of Water Diversion and Use for 2012-2014**
- North Kern WSD Groundwater Management Plan Compliance**
- Resolution of Intention by North Kern WSD to Amend a Groundwater Management Plan**
- Lost Hills Utility District Groundwater Management Plan Compliance**
- Resolution of Adoption of Semitropic WSD of an Amended Groundwater Management Plan**
- Monitoring Entity Designation for CASGEM Participation by North Kern WSD**

Attachment 1 – Authorization and Eligibility Requirements (3 of 9)

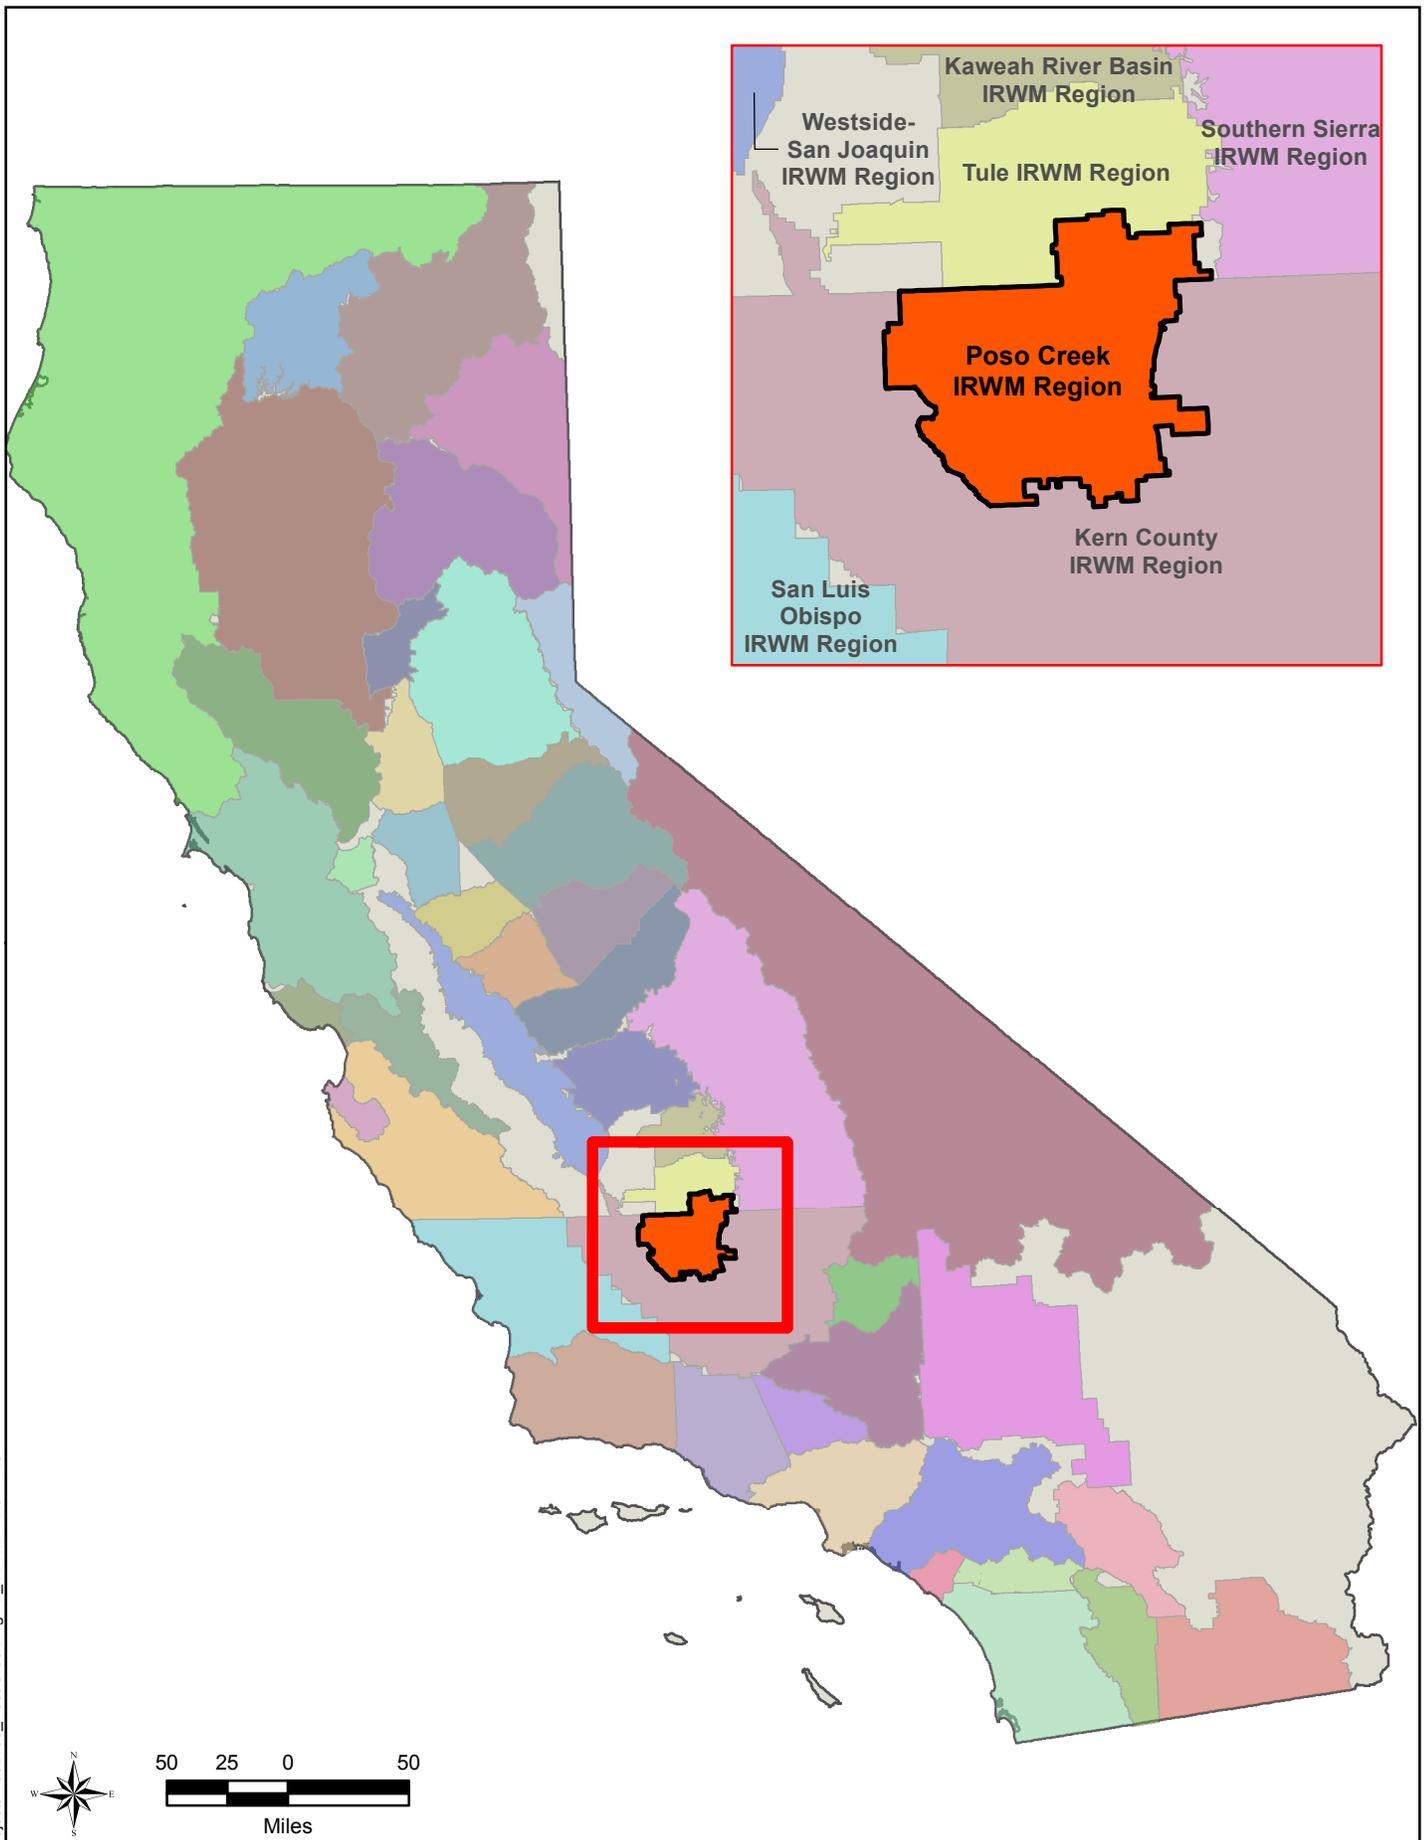

This attachment is divided into separate parts per instructions in the 2015 IRWM Proposal Solicitation Package (PSP). For these parceled attachments all referenced figures and supporting documentation are provided at the end of the document. Supporting documentation is not isolated, such as in numbered appendices, but is rather simply included in the attachment with the implication of a direct connection to the attachment part.

1.3. ADOPTED PLAN AND PROOF OF FORMAL ADOPTION

The Poso Creek IRWM Regional Water Management Group (RWMG) – governing group for Poso Creek IRWM Structure as most recently defined in the 2014 IRWM Plan Update (Part 2: Governance) - completed proof of formal adoption of the original IRWM Plan on July 26, 2007 formalizing their organization and planning structure as an IRWM Group. To maintain compliance with updated Proposition 84 standards, the RWMG adopted a 2014 IRWM Plan Update on June 20, 2014. A 'Proof of Adoption' form signed by each of RWMG member districts as adoption of the 2014 IRWM Plan Update was included in the past Drought application. North Kern is one of the Poso Creek IRWM RWMG signatory entities. Also included in the past Drought application was a formalized Plan Update adoption notice signed by the Lost Hills Utility District (LHUD) on June 24, 2014. Neither signed form is resubmitted as part of this application. A map of the Poso Creek IRWM Region is shown in Figure 1-1, within the context of the State of California, while the RWMG entities are shown in Figure 1-2.

The IRWM Plan was adopted consistent with CWC §10543 and was submitted to DWR in June 2014 under the 'Plan Review Process' for assessing IRWM Plan consistency with the 2012 IRWM Proposition 84 Program Guideline Plan Standards (Plan Standards). A letter sent to the Poso Creek IRWM Group from the DWR Division of Integrated Regional Water Management, dated August 15, 2014, documents that the Plan Update was found to be consistent with the IRWM Planning Act and Plan Standards based on their Final Review. This letter is not resubmitted as a part of this application.

Contact information for the applicants is included on the following page. As indicated above, both have formally adopted the latest 2014 IRWM Plan Update and the original 2007 IRWM Plan. Formal adoption of the plans is not resubmitted as a part of this application.
