	First Name:	Tim	Last Name:	Carson
	Email:	tim@cfsc.org	Phone (Direct):	8316622000
Point Of Contact Position Title *	Program Director			
Proposal Name *	Santa Cruz IRWM 2015 Implementation Grant Application			
Proposal Objective*	<p>The objective of the Santa Cruz IRWM 2015 Implementation Application is to advance the Region’s efforts to achieve the goals and objectives of the 2014 Santa Cruz IRWM Plan by implementing projects to improve water supply reliability and water quality protection. Each of the projects implements high priority resource management strategies to meet needs identified through the comprehensive IRWM planning process. The proposed projects include: 1) City of Santa Cruz’s Tait Wells Replacement; 2) Soquel Creek Water District’s Bonita Hexavalent Chromium Treatment Facility; 3) Davenport County Sanitation District’s Recycled Water Plant; as well as the Grant Administration. Both the City’s and Davenport’s projects address critical water management needs of disadvantaged communities (DACs). All the projects are consistent with the goals of the state’s Human Right to Water Policy. The Santa Cruz IRWM region does not import water and is solely reliant on local supplies to meet both human and environmental needs. These proposed projects help in meeting the challenges of the limited local supply, a challenge exacerbated by the current prolonged drought. The suite of projects provide immediate and long-term regional drought preparedness, increase local water supply reliability, improve drinking water quality, enable greater use of recycled water, protect water quality and promote regional partnerships to protect against seawater intrusion and improve groundwater basin management. Implementation of the proposed projects would advance</p>			

IRWM efforts and bolster the cooperative regional framework to address the critical water resource challenges facing the Region.
