The SBCWD established eligibility when applying for an IRWM Implementation Grant in March 2013 and is not required to resubmit the documentation.

Additionally, this grant proposal includes two projects, the SBCWD Hollister Hexavalent Chromium Compliance Project and the City of Watsonville Hexavalent Chromium Treatment Project and, if awarded, the City of Watsonville has committed to executing a Funding Agreement with SBCWD. The Funding Agreement will include roles and responsibilities for administration of the grant and distribution of the grant funds, and will be largely based on the terms and conditions of the Grant Agreement with DWR.
