Implementation Grant Proposal**

**ATTACHMENT 1, PART 5 OF 9: AUTHORIZATION AND
ELIGIBILITY REQUIREMENTS**

5.0 URBAN WATER MANAGEMENT COMPLIANCE

Oceano CSD, San Simeon CSD, and Templeton CSD do not qualify as urban water suppliers because none of these local agencies have over 3,000 service connections and they do not distribute more than 3,000 acre-feet of water.

The District (on behalf of Zone 3 – Arroyo Grande Creek) is the only urban water supplier associated with this Proposal, although no District projects are included in the Proposal. The required urban water management compliance documentation for the District is included because it is the lead agency and designated Applicant of the Proposal.

Notes: (1) On behalf of Zone 3 of the Flood Control District.		

The District submitted urban water management compliance documentation with the 2014 IRWM Drought Grant Solicitation. As such the District is not required to submit urban water management compliance documentation with the current Proposal (2015 Proposal Solicitation Package - page 14).

The District is in full compliance with the Urban Water Management Plan Act and has completed the following self-certification documents, as required:

- DWR accepted the District's 2010 Urban Water Management Plan (UWMP) as complete on February 23, 2012 (Appendix 1F). The District will submit a 2015 UWMP Update by July 1, 2016.
- The required AB 1420 self-certification statement Tables 1 and 2 were submitted to the DWR on July 3, 2014. The DWR reviewed the submitted information and determined that the District is currently and effectively implementing the Best Management Practices (BMPs) consistent with AB 1420 and is therefore eligible to receive water management grants or loan funds. Correspondence from DWR, dated September 8, 2014, that confirms this is included in Appendix 1G.
- A copy of the District's CWC §525 self-certification document, submitted with the 2014 IRWM Drought Grant Solicitation is also included in Appendix 1H.

Mr. Dave Flynn
Interim Director of Public Works
San Luis Obispo County Flood Control
and Water Conservation District
County Government Center, #207
San Luis Obispo, California 93408

Dear Mr. Flynn:

The Department of Water Resources (DWR) has reviewed the San Luis Obispo County Flood Control and Water Conservation District's (District) Self-Certification Statement – Tables 1 and 2 submitted on July 3, 2014, regarding implementation of the Urban Best Management Practices (BMPs).

The purpose of DWR's review is to determine the District's eligibility to receive water management grant or loan funds. DWR has followed the *AB 1420 Compliance Requirements* dated January 1, 2009. For detailed information, please visit <http://www.water.ca.gov/wateruseefficiency/finance/>.

Based on DWR's review of the information in Tables 1 and 2, the District has and is currently implementing the BMPs consistent with AB 1420 and, therefore, is eligible to receive water management grant or loan funds.

DWR reserves the right to request additional information and documentation, including reports from the District to substantiate the accuracy of the information provided in Tables 1 and 2. DWR may reverse or modify its eligibility determination and notify you and the funding agency if inaccuracies are found in the supporting documentation or in Tables 1 and 2.

If you have any questions, please contact me at (916) 651-7034 or Betsy Vail at (916) 651-9667.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".
