

Groundwater Management Compliance

Groundwater users that will receive funding from the proposed grant:

Agency	Contact	Phone	Email
Yolo County Flood Control and Water Conservation District	Max Stevenson	(530) 662-0265	mstevenson@ycfcwcd.org
Napa County Flood Control and Water Conservation District	Phillip Miller	(707) 259-8600	Phillip.Miller@countyofnapa.org

The proposal does not contain a project that directly affects groundwater levels or quality. Project 1. SCWA/Napa Urban/Agricultural Drought Management Project is a water conservation effort, which would not have a direct effect on groundwater levels or quality. Project 2. LBRID Water Supply Protection and Enhancement Project addresses surface water quality and surface water supply and would not have a direct effect on groundwater levels or quality. Project 3. Lower Putah Creek - Watershed Infiltration and Invasive Species Removal for Integrated Regional Water Management is a watershed restoration project and would not have a direct effect on groundwater levels or quality.
