2015 IRWM 2015 Implementation Grant Program**

**Attachment 1. Groundwater Management Compliance**

# Yuba County Integrated Regional Water Management Group 2015 IRWM 2015 Implementation Grant Program

## Attachment 1. Groundwater Management Compliance

Although Yuba County Water Agency, the formal applicant for this proposal, has prepared a Groundwater Management Plan, they are not proposing any projects and will not be receiving any funds from this grant for any of the tasks identified in the work plan including project management (both at the program and project level). However, because they are the official applicant their information is provided regardless of the fact they will not be receiving any funding.

Gold Village Community Services District is located in the fractured bedrock geology of the foothills and does not appear in the DWR Groundwater Bulletin 118 and therefore does not need to prepare a Groundwater Management Plan.

This attachment includes the following:

### List of groundwater users:

- Yuba County Water Agency (Project Applicant will receive funding)
