

ATTACHMENT 2. ELIGIBLE APPLICANT DOCUMENTATION (IID)

As a special district, the Imperial Irrigation District is an eligible local agency. IID is an irrigation district organized under the California Irrigation District Law, codified at §§ 20500 et seq. of the California Water Code, and delivers Colorado River water in Imperial County, California for potable and irrigation purposes. IID is governed by a five-member Board of Directors which authorized the District to submit the Proposition 84/1E Planning Grant Application by Resolution on September 21, 2010. IID has the statutory legal authority under its defining legislation that empowers the agency to enter into contracts with the State of California and other legal entities. The IID Finance and Accounting Section uses SAP software to track expenses according to activity. This will be used for tracking any grant funds received.
