

# Table of Contents

---

<b>Executive Summary</b> .....	ES-1
Description of Study Area.....	ES-1
Existing Water Resource Systems.....	ES-5
Water Demand.....	ES-8
Water Supply.....	ES-9
Water Quality.....	ES-13
Flood Control Planning.....	ES-14
Water Resources Management Opportunities.....	ES-15
Recommendations.....	ES-18
<b>Chapter 1 Introduction</b> .....	1-1
1.1 Purpose of Plan.....	1-1
1.2 Regional Goals.....	1-3
1.3 Plan Scope.....	1-4
1.3.1 Water Resource Management Optimization.....	1-4
1.3.2 Evaluating and Increasing Water Supplies.....	1-5
1.3.3 Water Quality Protection and Improvement.....	1-5
1.3.4 Flood Control Planning.....	1-6
1.3.5 Planning Process, Public Education and Administration.....	1-6
1.4 Regional Planning Process.....	1-6
1.4.1 AB 303 and Proposition 50 Study Grants.....	1-6
1.4.2 IRWMP’s Relationship to Existing Water Management Plans.....	1-7
1.4.3 Consulting Team.....	1-7
1.4.4 Stakeholder Participation.....	1-9
1.5 Abbreviations.....	1-10
1.6 Report Organization.....	1-12
<b>Chapter 2 Description of Study Area</b> .....	2-1
2.1 General Description.....	2-1
2.2 County Regions and Study Areas.....	2-2
2.2.1 Valley Floor.....	2-2
2.2.2 Foothills and Mountains.....	2-2

2.3	Population.....	2-5
2.4	Topography .....	2-7
2.5	Land Use .....	2-8
2.5.1	Valley Floor Land Uses.....	2-12
2.5.2	Foothills and Mountains Land Uses.....	2-13
2.6	Watersheds .....	2-14
<b>Chapter 3</b>	<b>Existing Water Resources Systems.....</b>	<b>3-1</b>
3.1	Water Supply, Treatment, and Distribution Systems .....	3-1
3.1.1	Irrigation and Water Districts.....	3-1
3.1.2	Valley Floor Urban and Rural Water Providers.....	3-9
3.1.3	Foothills and Mountains Urban and Rural Water Providers .....	3-13
3.2	Wastewater Collection, Treatment and Disposal/Reuse Systems .....	3-21
3.2.1	City of Madera Wastewater System.....	3-21
3.2.2	City of Chowchilla Wastewater System.....	3-23
3.2.3	County-Operated Wastewater Systems .....	3-24
3.3	Flood Control and Associated Groundwater Recharge Systems.....	3-26
3.3.1	City of Madera Groundwater Management and Storm Water System ..	3-26
3.3.2	City of Chowchilla Flood Control Systems .....	3-28
3.3.3	County-Operated Flood Control Systems .....	3-29
3.3.4	Irrigation and Water Districts Recharge Programs .....	3-29
<b>Chapter 4</b>	<b>Water Demand.....</b>	<b>4-1</b>
4.1	Historical Water Production.....	4-1
4.1.1	Agricultural Water Use .....	4-1
4.1.2	Urban and Rural Nonagricultural Water Use.....	4-2
4.1.3	Summary of Historical Water Use .....	4-8
4.2	Water Demand Projections.....	4-8
<b>Chapter 5</b>	<b>Water Supply .....</b>	<b>5-1</b>
5.1	Existing Groundwater Supply .....	5-1
5.1.1	Valley Floor Groundwater Supply .....	5-3
5.1.2	Foothills and Mountains Groundwater Supply .....	5-14
5.2	Existing Surface Water Supply .....	5-23
5.2.1	Water Entitlements.....	5-23

5.2.2	Summary of Surface Water Supply .....	5-27
5.3	Comparison of Water Demand and Supply .....	5-28
5.4	Water Resource Impacts of Continued Groundwater Use .....	5-29
5.4.1	Valley Floor Impacts .....	5-29
5.4.2	Foothills and Mountains Impacts .....	5-30
<b>Chapter 6</b>	<b>Water Quality .....</b>	<b>6-1</b>
6.1	Groundwater Quality .....	6-1
6.1.1	Valley Floor Groundwater Quality .....	6-2
6.1.2	Foothills and Mountains Groundwater Quality .....	6-10
6.2	Surface Water Quality .....	6-17
6.2.1	Surface Water Supply Systems .....	6-18
6.2.2	Surface Water Contaminants of Concern .....	6-22
6.3	Impacts of Failing Septic Systems .....	6-31
6.4	Existing County Ordinances .....	6-33
6.4.1	Water Related Ordinances .....	6-33
6.4.2	Wastewater Related Ordinances .....	6-37
<b>Chapter 7</b>	<b>Flood Control Planning .....</b>	<b>7-1</b>
7.1	Current Flood Control Programs .....	7-1
7.1.1	Federal Flood Control Program .....	7-1
7.1.2	State Flood Control Program .....	7-2
7.1.3	Madera County Flood Control Program .....	7-4
7.2	Flooding Problem .....	7-7
7.2.1	Madera County Flood Zones .....	7-7
7.2.2	Flooding Situation .....	7-11
7.2.3	Historical Floods .....	7-14
7.2.4	Future Floods .....	7-15
7.3	Potential Programs and Projects .....	7-16
7.3.1	Arundo Mapping and Eradication .....	7-16
7.3.2	Channel Restoration .....	7-17
7.3.3	Levee Restoration and Maintenance .....	7-17
7.3.4	Storm Water Retention Basins .....	7-19
7.3.5	Flood Warning and Forecasting .....	7-20

7.3.6	Flood Fighting and Emergency Evacuation Plans .....	7-20
<b>Chapter 8</b>	<b>Water Resources Management Opportunities .....</b>	<b>8-1</b>
8.1	Valley Floor Water Management Opportunities .....	8-1
8.1.1	Water Supply Augmentation Measures.....	8-2
8.1.2	Water Demand Reduction Measures.....	8-29
8.1.3	Flood Control Projects and Programs .....	8-32
8.2	Foothills and Mountains Water Management Opportunities .....	8-36
8.2.1	Surface Water Supply Requirements .....	8-36
8.2.2	Water Supply Augmentation Opportunities .....	8-39
8.2.3	Watershed Management.....	8-42
8.3	Water Quality Improvement Opportunities.....	8-58
8.4	Other Water Management Measures.....	8-61
8.4.1	Land Use Policies.....	8-62
8.4.2	Water Supply for New Development.....	8-62
8.4.3	Mitigation Water Credit Program .....	8-63
8.4.4	Agricultural Water Management Measures .....	8-64
8.4.5	County Systems Infrastructure Improvements .....	8-65
<b>Chapter 9</b>	<b>Conclusions and Recommendations .....</b>	<b>9-1</b>
9.1	Conclusions .....	9-1
9.1.1	Water Demand.....	9-1
9.1.2	Water Supply.....	9-2
9.1.3	Water Quality .....	9-7
9.1.4	Flood Control .....	9-9
9.1.5	Water Resources Management Opportunities .....	9-10
9.1.6	Watershed Management.....	9-12
9.2	Recommendations .....	9-13
9.2.1	Foothills and Mountains.....	9-13
9.2.2	Valley Floor.....	9-20
9.2.3	Groundwater Monitoring Program.....	9-29

## **Appendices – Volume 2**

- A Groundwater Conditions in the Oakhurst Area
- B Groundwater Conditions in the North Fork Area
- C Groundwater Conditions in the Coarsegold Area
- D Groundwater Conditions in the Raymond-Hensley Lake Area
- E Hillview Water Company – Sierra Lakes Wells Centralized Treatment for Arsenic and Uranium - Task Memorandum Report
- F Proposed Groundwater Monitoring Program for Madera County

## List of Figures

ES-1	County Location Map.....	ES-2
ES-2	Locations of Study Subareas .....	ES-3
ES-3	Valley Floor Water System Providers.....	ES-6
ES-4	Foothill/Mountain Water Providers .....	ES-7
ES-5	Valley Floor Groundwater Level Decline.....	ES-10
ES-6	Subareas and Overdraft in Valley Floor Area.....	ES-12
1-1	County Location Map.....	1-2
2-1	Madera County Study Region.....	2-3
2-2	Location of Study Subareas.....	2-4
2-3	County of Madera Estimated Population .....	2-6
2-4	2015 Land Use Plan .....	2-9
2-5	2015 Land Use Breakdown .....	2-10
2-6	Proposed Residential Developments .....	2-11
3-1	Water and Irrigation Districts.....	3-2
3-2	Valley Floor Water System Providers.....	3-3
3-3	Foothill/Mountain Water Providers .....	3-4
4-1	County of Madera Historic Agricultural Water Use .....	4-4
4-2	County of Madera Historic Urban and Rural Water Use.....	4-6
4-3	Madera County Historic Per-Capita Water Consumption.....	4-7
5-1	Valley Floor Groundwater Basins.....	5-2
5-2	Valley Floor Lines of Equal Water Elevation in Wells, Spring 2004.....	5-6
5-3	Valley Floor Hydrographs.....	5-9
5-4	Chowchilla Water District Historic Average Depth to Groundwater .....	5-10
5-5	Valley Floor Groundwater Level Decline.....	5-11
5-6	Annual Precipitation at Madera From 1931 to 1999.....	5-13
5-7	Subareas and Overdraft in Valley Floor Area.....	5-15
5-8	Major Rock Types in the Foothills and Mountains.....	5-18
5-9	Annual Mean Precipitation.....	5-20
5-10	Annual Precipitation in the Foothills and Mountains.....	5-21

6-1	Valley Floor Areas of Water Quality Concern.....	6-6
6-2	Foothills and Mountains Areas of Water Quality Concern.....	6-11
7-1	Federal Project Levees and Channels.....	7-3
7-2	Flood Zones.....	7-8
8-1	Allocation of Project Shares.....	8-10
8-2	Location Map .....	8-12
8-3	Existing Conveyances .....	8-14
8-4	Phase 1 Conveyance Upgrades .....	8-15
8-5	Phase 1 Recharge Areas .....	8-15
8-6	Phase 2 Recharge Areas .....	8-16
8-7	Phase 2 Recovery Facilities.....	8-16
8-8	Phase 2 Lift Stations.....	8-17

## List of Tables

ES-1	Potential Water Supply Augmentation & Overdraft Reduction Projects on the Valley Floor.....	ES-16
1-1	Summary of Groundwater Management Plans and Reports Used.....	1-8
2-1	County of Madera Population (2000-2007) .....	2-5
2-2	County of Madera Projected Population .....	2-7
2-3	Land Use Map Acreages .....	2-8
2-4	Major Madera County Reservoirs and Lakes.....	2-15
3-1	County Maintenance Districts and Service Areas.....	3-12
3-2	Hillview Water Company Water Systems .....	3-14
3-3	Wastewater Collected and Treated.....	3-22
3-4	Madera Irrigation District Recharge Basins.....	3-30
4-1	Irrigation Water Requirements for Madera County .....	4-3
4-2	Historical Municipal, Domestic, and Industrial Water Use (1999-2006) .....	4-5
4-3	Historical Water Use in Madera County (1999-2006).....	4-8
4-4	Urban and Rural Projected Water Demand in Madera County.....	4-9
4-5	Water Demand Projections Summary .....	4-11
5-1	Average Surface Water Deliveries .....	5-28
5-2	Comparison of Madera County Water Demand and Supply.....	5-28
6-1	Groundwater Chemistry Data (2005 CCR), County-Owned Small Water Systems - Valley Floor.....	6-3
6-2	Groundwater Chemistry Data (2002-2007), Large Water Systems - Valley Floor .....	6-4
6-3	Groundwater Chemistry Data (2005 CCR), County-Owned Small Water Systems - Foothills/Mountains .....	6-12
6-4	Groundwater Chemistry Data (2002-2007), Large Water Systems - Foothills/Mountains .....	6-13
6-5	Domestic Water Systems Using Surface Water.....	6-18
6-6	Foothills and Mountains Surface Water General Mineral, Physical, & Inorganic Chemical Analyses.....	6-19
6-7	USBR Raw Water Quality at Friant Dam - General Mineral, Physical & Inorganic Chemical Analyses.....	6-21
6-8	Foothills/Mountains Surface Water Bacteriological Sampling - Raw Surface Water ...	6-23

6-9 Pathogen Monitoring Data - USBR at Friant Dam .....6-24

6-10 Foothills/Mountains Surface Water Total Organic Carbon & Alkalinity Monitoring...6-27

6-11 Foothills/Mountains Surface Water Disinfection Byproduct Monitoring.....6-28

6-12 Water-Related County Ordinances.....6-34

6-13 Private Well Testing Analytes.....6-36

6-14 Wastewater-Related County Ordinances.....6-37

7-1 Fresno River Channel Designated Flows .....7-19

8-1 Potential Water Supply Augmentation & Overdraft Reduction Projects on the  
Valley Floor.....8-3

8-2 Full-Scale Project Summary.....8-13

8-3 Community Average Annual Precipitation .....8-37
