

11 GWMP, AB 1420 and Water Meter Compliance

Filename: Att11_IG2_SelfCert_1of1

For the “AttachmentName” in the naming convention of BMS/GRanTS, use “SelfCert” for this attachment.

Attachment 11 is mandatory and consists of three self-certification documents: GWMP (CWC §10753.7), AB 1420 (CWC §10631.5), and Water Meter Compliance (CWC §525 et seq.). GWMP, AB 1420, and Water Meter compliance self-certification documentation must be signed and submitted in hard copy. Only a single hard copy (with wet signature) submittal per project is required for this attachment; do not submit four (4) hard copies. Agencies submitting these forms should be consistent with the answers given in Q11, Q13, Q14, and Q15 of the electronic application.

Each urban water supplier that would receive grant funding must submit self-certification documents to verify the compliance of AB1420 (CWC §10631.5) and Water Meter Compliance (CWC §525 et seq.). The AB 1420 self-certification documentation must be prepared in accordance to the instructions found at: <http://www.water.ca.gov/wateruseefficiency/finance/>. As DWR is both the funding agency and the approval agency, a single submittal to DWR is sufficient. The Water Meter compliance self-certification form and instructions can be found at the following link: www.water.ca.gov/irwm/grants/resourceslinks.cfm. Each urban water supplier proposing wastewater projects, water use efficiency projects, or drinking water projects must complete the form.

The GWMP (CWC §10753.7) self-certification document must be submitted by each proponent of a project with potential groundwater impacts. The GWMP self-certification documentation must be prepared in accordance to the instructions found at: <http://www.water.ca.gov/irwm/grants/resourceslinks.cfm>

Mr. Ed Muzik
General Manager
Hi-Desert Water District
55439 29 Palms Highway
Yucca Valley, California 92284-2503

Dear Mr. Muzik:

The Department of Water Resources (DWR) has reviewed the Hi-Desert Water District's (HDWD) 2010 Urban Water Management Plan (UWMP) received on July 21, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of HDWD's 2010 plan has found that the plan has addressed the requirements of the CWC. DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter simply acknowledges that HDWD's UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning please don't hesitate to email or call.

Sincerely,

A handwritten signature in blue ink, appearing to read "Peter Brostrom".
