Project Information

Project Name	<input type="text" value="Hollister Urban Area Water Project"/>
Implementing Organization	<input type="text" value="San Benito County Water District"/>
Secondary Implementing Organization	
Proposed Start Date	<input type="text" value="10/1/2013"/>
Proposed End Date	<input type="text" value="11/20/2016"/>
Project Scope	<input type="text" value="Scope includes upgrade of Lessalt WTP, new transmission pipeline, new West Hills WTP."/>
Project Description	<input type="text" value="The HUA description is to reduce the potable water quality TDS and hardness by increasing the blend ratio of treated CVP water to groundwater, thereby reducing the TDS and hardness in the wastewater, satisfy WDR's, reducing or eliminating the need for water softeners, and increasing the beneficial use opportunities of the recycled water."/>
Project Objective	<input type="text" value="The overall purpose of the HUA Water Project is to: 1. Provide a reliable and sustainable water supply to meet the current fututre demands of the HUA. 2. Improve the quality of municipal drinking water, industrial supply, and recycled water for urban and agricultural irrigation users. 3. Achieve the goals of the City of Hollister Long Term Wastewater Management Plan and the Sunnyslope County Water District Long Term Wastewater Management Plan."/>

Project Information

Project Name	Critical Water Supply System Iprovements for F
Implementing Organization	Pajaro Sunny Mesa Community Services District II
Secondary Implementing Organization	
Proposed Start Date	10/1/2013
Proposed End Date	9/30/2015
Project Scope	The scope of work is to construct a new 600,000 gallon tank and associated appurtenances.
Project Description	PSMCS D serves a total of 453 connections in the DAC of Pajaro. The Pajaro system consists of a single 1,500 gpm well, 1 above ground 600,000 gallon tank, and a booster pump. The current system does not meet required health and safety standards of potable water systems. The new 600,000 gallon tank will provide the storage required to meet health and safety requirements.
Project Objective	The objective is to provide 600,000 gallons of new storage capacity to increase system storage capacity to a total of 1.2 million gallons, and thereby meet CDPH, water code, and fire code requirements for a public water supply system and meet the critical water supply requirements for a DAC.

Project Information

Project Name	Increased Recycled Water Storage Project
--------------	--

Implementing Organization	Pajaro Valley Water Management Agency
Secondary Implementing Organization	
Proposed Start Date	10/1/2013
Proposed End Date	11/29/2016
Project Scope	Construct two new one million gallon recycled water storage tanks and associated appurtenances.
Project Description	PVWMA in cooperation with the city of Watsonville, built a recycled water treatment facility in 2009 with a capacity to deliver up to 4,000 AFY of recycled water during the agricultural irrigation season. NEw storage tanks are required to accomplish delivery of that full capacity.
Project Objective	The objective is to increase recycled water deliveries by 750 AFY and reduce groundwater pumping by an equivalent amount.

Implementing Organization	Resource Conservation District of Santa Cruz County
Secondary Implementing Organization	
Proposed Start Date	10/1/2013
Proposed End Date	1/1/2017
Project Scope	Water Conservation, aquifer recharge, and regional mobile lab programs.
Project Description	The RCD will implement four program comenents. The first is community water dialogue support for grower based programs for improved water management. Second, implement managed aquifer recharge. Third develop performance based incentives for water quality and water supply. Last, implement a regional mobile lab to promote improved irrigation efficiency.
Project Objective	The objective is to reduce water use, protect water quality, and improve groundwater recharge in the Pajaro Valley.

Section : Applicant Information Question Tab

APPLICANT INFORMATION QUESTION TAB

Q1. PROPOSAL DESCRIPTION

Provide a brief abstract of the Proposal, including a listing of individual project titles. Please note which projects, if any, directly address a critical water supply or water quality issue for DACs or Native American Tribal communities.

From its inception, the Pajaro River Watershed IRWM planning effort and associated stakeholders have focused on developing multi-beneficial management strategies to address the many needs and water resources interests in the basin. Ultimately, the effort led to the creation of the Pajaro River Watershed IRWM Plan. Borne out of the planning process was the Pajaro River Watershed IRWM project review process that prioritizes projects based on their ability to deliver multiple benefits, across a broad region, and through inter-agency cooperation. All four of the projects included in this proposal and listed below deliver broad benefits through inter-agency cooperation. Additionally, the work plan grant administration has been included to address all tasks necessary for grant contracting, administration and reporting. 1. Hollister Urban Area Water Project2. Critical Water Supply System Improvements for Pajaro (DAC)3. Increased Recycled Water Storage Project4. Pajaro Agricultural Water Quality and Aquifer Enhancement Project Through current IRWM Plan Update process, the region developed updated goals and objectives and updated the project scoring and prioritization process to address new IRWM standards and guidelines. The updated goals, objectives, and prioritization process were all approved by the Pajaro River Watershed IRWM Stakeholder Steering Committee and other stakeholders. Consistent with the procedures in the adopted IRWM Plan, the RWMG initiated a call for projects in October 2012. The new projects were scored utilizing the updated prioritization process. The Hollister Urban Area (HUA) Water Project and the Increased Recycled Water Storage Project were both ranked as high priority projects for the region. The Pajaro Agricultural Water Quality and Aquifer Enhancement Project is an integration of two high priority projects originally submitted independently, the Integral Aquifer Enhancement Program for the Pajaro Valley and the Regional Mobile Lab. As stated in the 2012 Guidelines, projects that directly address a critical water quality or water supply issue in a Disadvantaged Community (DAC) are not required to be included in an adopted IRWM Plan. This is to encourage assistance to DACs. The Pajaro River Watershed RWMG has been actively providing assistance to the DAC Pajaro Sunny Mesa Community Services District. The assistance includes the evaluation of water supply quality needs and the development of the critical water supply project included in this proposal, the Critical Water Supply System Improvements for Pajaro. The project is consistent with the Pajaro River Watershed IRWM updated goals, objectives and priorities.

Q2. PROJECT DIRECTOR

Provide the name and details of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.

Jeff Cattaneo, P.E. District Manager San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023 (831)637-8218 jcattaneo@sbewd.com

Q3. PROJECT MANAGEMENT

Provide the name and contact information of the Project Manager from the applicant agency or organization that will be the day-to-day contact on this application.

Jeff Cattaneo, P.E. District Manager San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023 (831)637-8218 jcattaneo@sbewd.com

Q4. APPLICANT INFORMATION

Provide the agency name, address, city, state and zip code of the applicant submitting the application.

San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023

Q5. ADDITIONAL INFORMATION

Provide the IRWM funding area(s) in which projects are located.

Visit the following website to locate the IRWM funding area(s).

<http://www.water.ca.gov/irwm/grants/fundingarea.cfm>

Central Coast Funding Area

Q6. DAC WAIVER COST SHARE REQUEST:

Are you applying for a DAC cost share waiver? If yes, complete attachment 10.

Yes

Q7. RESPONSIBLE REGIONAL WATER QUALITY CONTROL BOARD(S) (RWQCB)

List the name of the Regional Water Quality Control Board (RWQCB) in which your proposal is located. For a region that extends beyond more than one RWQCB boundary, list the name of each Board.

Visit the following website to find the RWQCB for a particular location:

http://www.waterboards.ca.gov/waterboards_map.shtml

Region 3 Central Coast

Q8. ELIGIBILITY

The Implementation Grant Program requires a minimum funding match of 25% of total project cost unless there is a DAC project included in the proposal. Requirements for DAC funding match reductions are included in Exhibit E of this PSP. Are your matching funds less than 25%? If so, please explain.

No

Q9. ELIGIBILITY

Does the application represent a single application from an IRWM Region approved in the RAP? To verify, see RAP website:

<http://www.water.ca.gov/irwm/grants/rp.cfm> If yes, include the name of the IRWM Region. If no, please explain.

Yes, the Pajaro River Watershed IRWM Region.

Q10. ELIGIBILITY

Please specify whether the applicant is a local public agency or non-profit organization as defined in Appendix B of the 2012 Guidelines.

The applicant is a local public agency.

Q11. ELIGIBILITY

List the urban water suppliers that will receive funding from the proposed grant. Please provide the agency name, a contact phone number and e-mail address. Those listed must submit self certification of compliance with CWC §525 et seq. and AB 1420, see Attachment 11. Answer "NA", if there are no urban water suppliers that will receive funding from the proposed grant.

San Benito County Water District Jeff Cattaneo, P.E. District Manager San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023 (831)637-8218
jcattaneo@sbewd.com

Q12. ELIGIBILITY

Have all of the urban water suppliers, listed in Q11 above, submitted complete Urban Water Management Plans (UWMPs), to DWR? Have those plans been verified as complete by DWR? If not, explain and provide the anticipated date for having a complete UWMP.
Answer "NA" if no urban water supplier identified in Q11 above.

Yes

Q13. ELIGIBILITY

Have any urban water suppliers, listed in Q11, submitted AB 1420 compliance tables and supporting documentation to DWR for a different grant program on or after January 1, 2013? If so, please list the urban water supplier and the grant program. An urban water supplier must submit AB 1420 compliance documentation to DWR. If the urban water supplier has not submitted AB 1420 documentation, or that documentation was determined to be incomplete by DWR, the urban water supplier's projects will not be considered eligible for grant funding. Refer to Section IIIB of the 2012 Guidelines for additional information.

Answer "NA" if no urban water supplier identified in Q11 above.

Yes, AB1420 Complince tables included in attachment 11 of this proposal.

Q14. ELIGIBILITY

Does the Proposal include any groundwater projects or other projects that directly affect groundwater levels or quality? If so, provide the name(s) of the project(s) and list the agency(ies) that will implement the project(s).

Answer "NA" if the Proposal does not include groundwater projects or other projects that directly affect groundwater levels or quality.

Yes. The projects are Hollister Urban Area Project -SBCWD. Increased Recycled Water Storage Project- PVWMA Agricultural Water Quality and Aquifer Enhancement- R Santa Cruz County

Q15. ELIGIBILITY

For the agency(ies) listed in Q14, how has the agency complied with CWC §10753 regarding Groundwater Management Plans (GWMPs), as described in Section IIIB of the 2012 Guidelines?

Answer "NA" if the Proposal does not include groundwater projects or other projects that directly affect groundwater levels or quality.

SBCWD has prepared a groundwater management plan in compliance with CWC section 10753. PVWMA has prepared a basin management plan complying with CWC sect 10553 for the Pajaro Valley Groundwater Basin where both the storage project and the ag water quality project are located.

Q16. ELIGIBILITY

Does the IRWM region receive water supplied from the Sacramento-San Joaquin Delta? Please answer yes or no. If no, please explain.

Yes

Q17. ELIGIBILITY

Does the existing IRWM Plan help reduce dependence on the Sacramento-San Joaquin Delta for water supply? Please answer yes or no. If no, please explain. If yes, please complete attachment 13.

Yes.

Q18. ELIGIBILITY

If an update to the IRWM plan will take place in the near future, will the updated plan continue to reduce dependence on the Sacramento-San Joaquin Delta for water supply? Please answer yes or no. If no, please explain. If yes, please complete Attachment 13.

Yes

Q19. ELIGIBILITY

List the agricultural water suppliers that will receive funding from the proposed grant. Please provide the agency/organization name, a contact phone number and e-mail address. If there are none, please indicate so.

SBCWD San Benito County Water District Jeff Cattaneo, P.E. District Manager San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023 (831)637-8218
jcattaneo@sbewd.com

Q20. ELIGIBILITY

Have all of the agricultural water suppliers, listed in Q19 above, submitted complete Agricultural Water Management Plan to DWR? Have those plans been verified as complete by DWR? If the plan has not been submitted, please indicate the anticipated submittal date.

Answer "NA" if no agricultural water suppliers identified in Q19 above.

Yes San Benito County Water District Jeff Cattaneo, P.E. District Manager San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023 (831)637-8218
jcattaneo@sbewd.com

Q21. ELIGIBILITY

mail address. If there are none, please indicate so.

SBCWD and PVWMA San Benito County Water District Jeff Cattaneo, P.E. District Manager San Benito County Water District 30 Mansfield Rd. Hollister, CA 95023 (831) 8218 jcattaneo@sbcwd.com PVWMA Mary Bannister 831-722-9292 bannister@pvwater.org

Q22. ELIGIBILITY

Have all of the surface water diverters, listed in Q21 above, submitted to the State Water Resources Control Board surface water diversion reports in compliance with requirements outlined in Part 5.1 (commencing with §5100) of Division 2 of the CWC? If not, explain and provide the anticipated date for meeting the requirements.

Answer "NA" if no surface water diverters identified in Q21 above.

yes

Q23. ELIGIBILITY

List the groundwater users that will receive funding from the proposed grant. Please provide the agency/organization name, a contact phone number and e-mail address. If there are none, please indicate so.

San Benito County Water District Jeff Cattaneo, P.E. District Manager San Benito County Water District PVWMA Mary Bannister 831-722-9292 bannister@pvwater.org
Mansfield Rd. Hollister, CA 95023 (831)637-8218 jcattaneo@sbcwd.com

Q24. ELIGIBILITY

Have all of the groundwater users, listed in Q23 above, met the requirements of DWR's CASGEM Program:

<http://www.water.ca.gov/groundwater/casgem/> ? If not, explain and provide the anticipated date for meeting the requirements.

Answer "NA" if no groundwater users identified in Q23 above.

yes
