

ATTACHMENT 11

GWMP, AB 1420, and Water Meter Compliance

Attachment 11 is mandatory and consists of three self-certification documents: GWMP (CWC §10753.7), AB 1420 (CWC §10631.5), and Water Meter Compliance (CWC §525 *et seq.*). GWMP, AB 1420, and Water Meter compliance self certification documentation must be signed and submitted in hard copy. **Only a single hard copy (with wet signature) submittal per project is required for this attachment; do not submit four (4) hard copies.** Agencies submitting these forms should be consistent with the answers given in Q11, Q13, Q14, and Q15 of the electronic application.

Each urban water supplier that would receive grant funding must submit self certification documents to verify the compliance of AB1420 (CWC §10631.5) and Water Meter Compliance (CWC §525 *et seq.*). The AB 1420 self certification documentation must be prepared in accordance to the instructions found at: <http://www.water.ca.gov/wateruseefficiency/finance/>. As DWR is both the funding agency and the approval agency, a single submittal to DWR is sufficient. The Water Meter compliance self certification form and instructions can be found at the following link: www.water.ca.gov/irwm/grants/resourceslinks.cfm. Each urban water supplier proposing wastewater projects, water use efficiency projects, or drinking water projects must complete the form.

The GWMP (CWC §10753.7) self certification document must be submitted by each proponent of a project with potential groundwater impacts. The GWMP self certification documentation must be prepared in accordance to the instructions found at: <http://www.water.ca.gov/irwm/grants/resourceslinks.cfm>

The following table lists the self-certification documents required for each of the project implementing agencies. A discussion of compliance with each of these California Water Code provisions is contained in Attachment 1.
