

## Attachment 7. AB 1420 and Water Meter Compliance

---

The urban water suppliers who would receive funds from the proposed grant are:

- Contra Costa Water District (CCWD), applicant
- City of Antioch
- City of Brentwood
- City of Pittsburg
- Diablo Water District

Each of these urban water suppliers has already submitted AB 1420 Compliance Tables 1 and 2 to DWR's Water Use and Efficiency Branch through other, recent grant applications and there have not been changes or updates. CCWD, the applicant, is providing a recently signed copy of AB 1420 Compliance Table 1 for convenience. Because CCWD has implemented all of its BMPs, Table 2 is not relevant and thus not included.

Attachment 7 consists of the following:

- AB 1420 Compliance Table 1 (Self-Certification Statement), signed March 7, 2012, documenting the status of past and current implementation of Best Management Practices (BMPs) pertaining to AB 1420.
- CCWD Certification for Compliance with Water Metering Requirements for Funding Applications.

**AB 1420 Self-Certification Statement Table 1**

Note: Table 1 documents Status of Past and Current BMP implementation.

**Self-Certification Statement:** The Urban Water Supplier and its authorized representative certifies, under penalty of perjury, that all information and claims, stated in this table, regarding compliance and implementation of the BMPs, including alternative conservation approaches, are true and accurate. This signed AB 1420 Self-Certification Statement Table 1, and Table 2 are the basis for granting funds by the Funding Agency. Falsification and/or inaccuracies in AB 1420 Self-Certification Statement Table 1, and Table 2 and in any supporting documents substantiating such claims may, at the discretion of the funding agency, result in loss of all State funds to the applicant. Additionally, the Funding Agency, in its sole discretion, may halt disbursement of grant or loan funds, not pay pending invoices, and/or pursue any other applicable legal remedy and refer the matter to the Attorney General's Office.

**CERTIFICATION FOR  
COMPLIANCE WITH WATER METERING REQUIREMENTS  
FOR FUNDING APPLICATIONS**

In 2004, Assembly Bill 2572 added section 529.5 to the Water Code, providing that, commencing January 1, 2010, urban water suppliers must meet certain volumetric pricing and water metering requirements in order to apply for permits for new or expanded water supply, or state financial assistance for the following types of projects:

1. wastewater treatment projects
2. water use efficiency projects (including water recycling projects)
3. drinking water treatment projects

For the purposes of compliance with Section 529.5, a "water use efficiency project" means an action or series of actions that ensure or enhance the efficient use of water or result in the conservation of water supplies.

**Please consult with your legal counsel and review sections 525 through 529.7 of the Water Code before completing this certification.**

Applicants Affected

This requirement applies to urban water suppliers.

*"Urban water supplier" means a supplier, either publicly or privately owned, providing water for municipal purposes either directly or indirectly to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually. An urban water supplier includes a supplier or contractor for water, regardless of the basis of right, which distributes or sells for ultimate resale to customers.*

When Certification is Required

State Water Resources Control Board (SWRCB): The application for financial assistance must include a completed and signed certification form demonstrating compliance with the water metering requirements.

Department of Water Resources (DWR) funding applications: This certification must be completed and submitted with the funding application. Check the specific proposal solicitation package for directions on applicability and submittal instructions.

Department of Public Health (DPH) Safe Drinking Water State Revolving Fund Program: This certification must be completed and submitted with the executed Notice of Acceptance of Application (NOAA).
